INDEX TO VOLUME 138

Subject Index*

A

Abdominal pain
Incidence of familial Mediterranean fever (FMF) mutations among children of Mediterranean extraction with functional abdominal pain (Brik et al). 2001;138:759-62 (CLO)

Abdominal neoplasms
Neuroblastoma sympatheticum with metastasis (Buchino). 2001;138:360 (50 years ago)

Abnormalities
Congenital abnormalities among children with cerebral palsy: more evidence for prenatal antecedents (Croen et al). 2001;138:804-10
Congenital tracheo-esophageal fistula without esophageal atresia (Hartnick and Cotton). 2001;138:916 (50 years ago)
Risk for birth defects among premature infants: a population-based study (Rasmussen et al). 2001;138:668-73

Abscess
Retropharyngeal abscess: epiglottitis of the new millennium (Lee et al). 2001;138:435-7 (CLO)

Academic outcome; *see* Education

Acanthosis nigricans
Relation of acanthosis nigricans to hyperinsulinemia and insulin sensitivity in overweight African American and white children (Nguyen et al). 2001;138:474-80

Acidosis
Mitochondrial DNA depletion, near-fatal metabolic acidosis, and liver failure in an HIV-infected child treated with combination antiretroviral therapy (Church et al). 2001;138:748-51 (CLO)

Acidosis, lactic
Caveats when considering ketogenic diets for the treatment of pyruvate dehydrogenase complex deficiency (Weber et al). 2001;138:390-5

ACTH; *see* Adrenocorticotropic hormone

Acute chest syndrome; *see* Thorax, diseases

Acute immune thrombocytopenia; *see* Thrombocytopenia

Acute lymphoblastic leukemia; *see* Leukemia, lymphocytic, acute

Acyl-coenzyme A dehydrogenases; *see* Fatty acid desaturases

Adaptation, psychological
Psychosocial issues and coping strategies in families affected by urea cycle disorders (Cederbaum et al). 2001;138:S72-80

Adenoidectomy
Medial medullary injury during adenoidectomy (Kang et al). 2001;138:772-4 (CLO)

Adipose tissue
Adiposity in childhood predicts obesity and insulin resistance in young adulthood (Steinberger et al). 2001;138:469-73
Overweight and precursors of type 2 diabetes mellitus in children and adolescents (Dietz). 2001;138:453-4 (Editorial)

Adjuvants, immunologic
Use of nonsteroidal topical immunomodulators for the treatment of atopic dermatitis in the pediatric population (Paller). 2001;138:163-8

Administration, inhalation
Echocardiographic outcome of infants treated as newborns with inhaled nitric oxide for severe hypoxemic respiratory failure (Torielli et al). 2001;138:349-54

Administration, intranasal
Efficacy of fluticasone nasal spray for pediatric obstructive sleep apnea (Brouillette et al). 2001;138:838-44
Nasal steroids as treatment for obstructive sleep apnea: don't throw away the scalpel yet (Marcus). 2001;138:795-7 (Editorial)

*January, pp. 1-152, S1-S80; February, pp. 153-300; March, pp. 301-452; April, pp. 453-614; May, pp. 615-788; June, pp. 789-992.

Administration, oral
Preventing febrile seizures in children with oral diazepam: can a controlled trial truly be "double-blind?" (Rosman et al). 2001;138:548-52

Administration, topical
Use of nonsteroidal topical immunomodulators for the treatment of atopic dermatitis in the pediatric population (Paller). 2001;138:163-8

Administration inhalation
The Neonatal Inhaled Nitric Oxide Study (Koh et al) (Letter); (Finer and Neonatal Inhaled Nitric Oxide Study Group) (Reply). 2001;138:300

Adolescence
Adiposity in childhood predicts obesity and insulin resistance in young adulthood (Steinberger et al). 2001;138:469-73
Bleeding disorders: a common cause of menorrhagia in adolescents (Bevan et al). 2001;138:856-61
Diabetic ketoacidosis associated with olanzapine in an adolescent patient (Selva and Scott). 2001;138:936-8 (CLO)
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8 (Editorial)
Early metabolic abnormalities in adolescent girls with polycystic ovarian syndrome (Lewy et al). 2001;138:38-44
Effect of growth hormone treatment on testicular function, puberty, and adrenarche in boys with non-growth hormone-deficient short stature: a randomized, double-blind, placebo-controlled trial (Leschek et al). 2001;138:406-10
Fine-needle aspiration biopsy in the management of thyroid nodules in children and adolescents (Al-Shaikh et al). 2001;138:140-2 (CLO)
Gastric bypass surgery in adolescents with morbid obesity (Strauss et al). 2001;138:499-504
Impact of timing of pubertal maturation on growth in black and white female adolescents: the National Heart, Lung, and Blood Institute Growth and Health Study (Biro et al). 2001;138:636-43
Overweight and precursors of type 2 diabetes mellitus in children and adolescents (Dietz). 2001;138:453-4 (Editorial)
The prevalence of upper lip hair in black and white girls during puberty: a new standard (Lucky et al). 2001;138:134-6 (CLO)
Proteinuria and focal segmental glomerulosclerosis in severely obese adolescents (Adelman et al). 2001;138:481-5
Reduced total plasma homocyst(e)ine in children and adolescents with type 1 diabetes (Wiltshire et al). 2001;138:888-93
The relation between lower limb pooling and blood flow during orthostasis in the postural orthostatic tachycardia syndrome of adolescents (Stewart and Weldon). 2001;138:512-9
Vitamin B_{12} deficiency in children and adolescents (Rasmussen et al). 2001;138:10-7
Yet another target organ of obesity (Welch and Daniels). 2001;138:455-6 (Editorial)

Adrenal cortex
Effect of growth hormone treatment on testicular function, puberty, and adrenarche in boys with non-growth hormone-deficient short stature: a randomized, double-blind, placebo-controlled trial (Leschek et al). 2001;138:406-10

Adrenal hyperplasia, congenital
Back to basics: early diagnosis and compliance improve final height outcome in congenital adrenal hyperplasia (Schwartz). 2001;138:3-5 (Editorial)
Height outcome in congenital adrenal hyperplasia caused by 21-hydroxylase deficiency: a meta-analysis (Eugster et al). 2001;138:26-32

Adoption
Current adoption practices (Felice). 2001;138:389 (50 years ago)

Adrenocorticotropic hormone
ACTH and cortisone in pediatric practice (Padbury). 2001;138:643 (50 years ago)
Thymectomy and ACTH in lymphatic leukemia (Buchanan). 2001;138:254 (50 years ago)

African Americans
Relation of acanthosis nigricans to hyperinsulinemia and insulin sensitivity in overweight African American and white children (Nguyen et al). 2001;138:474-80
Sleep position and the use of soft bedding during bed sharing among African American infants at increased risk for sudden infant death syndrome (Flick et al). 2001;138:338-43
Airway obstruction
Prevalence and reversibility of lower airway obstruction in children with sickle cell disease (Koumbourlis et al). 2001;138:188-92
Progress and prospects for the acute chest syndrome of sickle cell anemia (Rucknagel). 2001;138:160-2 (Editorial)
Albuterol
Ipratropium bromide plus nebulized albuterol for the treatment of hospitalized children with acute asthma (Craven et al). 2001;138:51-8
Aldosteronism; *see* Hyperaldosteronism
Alendronate
New insight into calcinosis of juvenile dermatomyositis: a study of composition and treatment (Mukamel et al). 2001;138:763-6 (CLO)
Allergy; *see also* Hypersensitivity
The association between respiratory viruses and symptoms in 2-week-old infants at high risk for asthma and allergy (Hegele et al). 2001;138:831-7
Alloimmune thrombocytopenia; *see* Thrombocytopenia
Alprostadil
Leukocytosis caused by prostaglandin E_1 in neonates (Arav-Boger et al). 2001;138:263-5 (CLO)
Alternative medicine
Alternative pathway therapy for urea cycle disorders: twenty years later (Batshaw et al). 2001;138:S46-55
Ambulatory care
Ambulatory blood pressure monitoring and coarctation of the aorta (Bald and Neudorf) (Letter); (Giordano) (Reply). 2001;138:610-1
Amino acids
Excitatory amino acid concentrations in ventricular cerebrospinal fluid after severe traumatic brain injury in infants and children: the role of child abuse (Ruppel et al). 2001;138:18-25
Hypoallergenicity and efficacy of an amino acid-based formula in children with cow's milk and multiple food hypersensitivities (Sicherer et al). 2001;138:688-93
Treatment of pediatric traumatic brain injury: a broad path to a narrow gate (Glass). 2001;138:1-3 (Editorial)
Ammonia
Alternative pathway therapy for urea cycle disorders: twenty years later (Batshaw et al). 2001;138:S46-55
Consensus statement from a Conference for the Management of Patients with Urea Cycle Disorders (Urea Cycle Disorders Conference Group). 2001;138:S1-5
Current strategies for the management of neonatal urea cycle disorders (Summar). 2001;138:S30-9
Laboratory evaluation of urea cycle disorders (Steiner and Cederbaum). 2001;138:S21-9
Long-term correction of urea cycle disorders (Lee and Goss). 2001;138:S62-71
Long-term management of patients with urea cycle disorders (Berry and Steiner). 2001;138:S56-61
Measurement of ammonia in blood (Barsotti). 2001;138:S11-20
The nutritional management of urea cycle disorders (Leonard). 2001;138:S40-5
Proceedings of a Consensus Conference for the Management of Patients with Urea Cycle Disorders (Summar and Tuchman). 2001;138:S6-10
Protein-sensitive and fasting hypoglycemia in children with the hyperinsulinism/hyperammonemia syndrome (Hsu et al). 2001;138:383-9
Psychosocial issues and coping strategies in families affected by urea cycle disorders (Cederbaum et al). 2001;138:S72-80
AMSPDC; *see* Association of Medical School Pediatric Department Chairs, Inc.
Anasarca; *see* Edema
Anemia
Advances in pediatric nephrology: "The serenity to accept the things we cannot change" versus the courage to try (Stapleton). 2001;138:606-7 (Advances in pediatrics)
Anemia, sickle cell
Invasive pneumococcal disease in homozygous sickle cell disease: Jamaican experience 1973-1997 (Knight-Madden and Serjeant). 2001;138:65-70
Prevalence and reversibility of lower airway obstruction in children with sickle cell disease (Koumbourlis et al). 2001;138:188-92
Progress and prospects for the acute chest syndrome of sickle cell anemia (Rucknagel). 2001;138:160-2 (Editorial)
Sickle cell disease. Report of a case with anemia, subarachnoid hemorrhage, and cerebral thrombosis (Buchanan). 2001;138:86 (50 years ago)
Anoxemia
Echocardiographic outcome of infants treated as newborns with inhaled nitric oxide for severe hypoxemic respiratory failure (Torielli et al). 2001;138:349-54
Skin-to-skin (kangaroo) care, respiratory control, and thermoregulation (Bohnhorst et al). 2001;138:193-7
Anoxia
Neurologic examination in infants with hypoxic-ischemic encephalopathy at age 9 to 14 months: use of optimality scores and correlation with magnetic resonance imaging findings (Haataja et al). 2001;138:332-7
Anti-inflammatory agents, non-steroidal
Use of nonsteroidal topical immunomodulators for the treatment of atopic dermatitis in the pediatric population (Paller). 2001;138:163-8
Antibiotics
Antibiotics for the prevention of urinary tract infection in children: a systematic review of randomized controlled trials (Williams et al). 2001;138:868-74
Aureomycin in pediatrics: a review (Green). 2001;138:119 (50 years ago)
Pertussis: clinical comparisons of the newer antibiotics (Novelli). 2001;138:938 (50 years ago)
Antibodies
Detection of IgA and IgG but not IgE antibody to respiratory syncytial virus in nasal washes and sera from infants with wheezing (de Alarcon et al). 2001;138:311-7
Antigens, human platelet
Anti-HPA-3A induces severe neonatal alloimmune thrombocytopenia (Glade-Bender et al). 2001;138:862-7
Antiviral agents
Mitochondrial DNA depletion, near-fatal metabolic acidosis, and liver failure in an HIV-infected child treated with combination antiretroviral therapy (Church et al). 2001;138:748-51 (CLO)
Aorta
Aortic atresia with hypoplasia of the left heart and aortic arch (Strauss). 2001;138:504 (50 years ago)
Aortic coarctation
Ambulatory blood pressure monitoring and coarctation of the aorta (Bald and Neudorf) (Letter); (Giordano) (Reply). 2001;138:610-1
Apgar score
The association of Apgar score with subsequent death and cerebral palsy: a population-based study in term infants (Moster et al). 2001;138:798-803
Apnea
Gastroesophageal reflux medications in the treatment of apnea in premature infants (Kimball and Carlton). 2001;138:355-60
Arginine
Alternative pathway therapy for urea cycle disorders: twenty years later (Batshaw et al). 2001;138:S46-55
Arrhythmia
Torsade de pointes in a child with acute rheumatic fever (Liberman et al). 2001;138:280-2 (CLO)
Arthritis
Inflammatory linear verrucous epidermal nevus and arthritis: a new association (Al-Enezi et al). 2001;138:602-4 (CLO)
Aspartylglucosaminase
Bone marrow transplantation for aspartylglucosaminuria: follow-up study of transplanted and non-transplanted patients (Arvio et al). 2001;138:288-90 (CLO)
Association of Medical School Pediatric Department Chairs, Inc.
AMSPDC: an overview of its history and evolving mission (Chesney and McAnarney). 2001;138:615-6

Asthma
The association between respiratory viruses and symptoms in 2-week-old infants at high risk for asthma and allergy (Hegele et al). 2001;138:831-7
Consistency of care with national guidelines for children with asthma in managed care (Diette et al). 2001;138:59-64
Does influenza vaccination prevent asthma exacerbations in children? (Kramarz et al). 2001;138:306-10
Influenza vaccine in children with asthma: why no progress? (Neuzil). 2001;138:301-3 (Editorial)
Ipratropium bromide plus nebulized albuterol for the treatment of hospitalized children with acute asthma (Craven et al). 2001;138:51-8
Montelukast added to budesonide in children with persistent asthma: a randomized, double-blind, crossover study (Simons et al). 2001;138:694-8
Prospective multicenter study of relapse after treatment for acute asthma among children presenting to the emergency department (Emerman et al). 2001;138:318-24
Ataxia-telangiectasia
Lymphocytic interstitial pneumonitis, elevated IgM concentration, and hepatosplenomegaly in ataxia-telangiectasia (Tangsinmankong et al). 2001;138:939-41 (CLO)
Atherosclerosis
Cardiovascular risk factors after Kawasaki disease: a case-control study (e Silva et al). 2001;138:400-5
Atopic dermatitis; *see* Dermatitis, atopic
Attention deficit disorder with hyperactivity
What's all the fuss about Ritalin? (Accardo and Blondis). 2001;138:6-9 (Invited commentary)
Auditory brainstem response; *see* Evoked potentials, auditory, brain stem
Aureomycin; *see* Chlortetracycline
Autism
Colonic CD8 and γδT-cell infiltration with epithelial damage in children with autism (Furlano et al). 2001;138:366-72
A randomized, double-blind, placebo-controlled trial of single-dose intravenous secretin as treatment for children with autism (Coniglio et al). 2001;138:649-55
Regarding autism (Mangravite) (Letter); (Accardo and Bostwick) (Reply). 2001;138:147-8
Autopsy
Sleep position and bed-sharing in sudden infant deaths: an examination of autopsy findings (Thogmartin et al). 2001;138:212-7

B

Bedding and linens
Sleep position and the use of soft bedding during bed sharing among African American infants at increased risk for sudden infant death syndrome (Flick et al). 2001;138:338-43
Behavior
The relationship between infant feeding experience and later behavior (Accardo). 2001;138:249 (50 years ago)
Beta-thalassemia
Hypoparathyroidism and intracranial calcifications in β-thalassemia major (Zafeiriou et al). 2001;138:411 (Insights)
Biliary atresia
Is the Kasai operation still indicated in children older than 3 months diagnosed with biliary atresia? (Chardot et al). 2001;138:224-8
Biopsy
The role of lung biopsy in deteriorating lung disease with unfavorable evolution (Bousso et al). 2001;138:786-7 (Letter)
Typical halo nevi in childhood: is a biopsy necessary? (Lai et al). 2001;138:283-4 (CLO)
Biopsy, needle
Fine-needle aspiration biopsy in the management of thyroid nodules in children and adolescents (Al-Shaikh et al). 2001;138:140-2 (CLO)
Birth; *see* Delivery
Birth defects; *see* Abnormalities
Birth weight
Congenital abnormalities among children with cerebral palsy: more evidence for prenatal antecedents (Croen et al). 2001;138:804-10
Disproportionate alterations in body composition of large for gestational age neonates (Hammami et al). 2001;138:817-21
Black children
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8 (Editorial)
Impact of timing of pubertal maturation on growth in black and white female adolescents: the National Heart, Lung, and Blood Institute Growth and Health Study (Biro et al). 2001;138:636-43
Bleeding; *see* Hemorrhage
Blindness
Retrolental fibroplasia. Clinical statistics from the Premature Center of the Charity Hospital of Louisiana at New Orleans (Phelps). 2001;138:108 (50 years ago)
Blood
Consensus statement from a Conference for the Management of Patients with Urea Cycle Disorders (Urea Cycle Disorders Conference Group). 2001;138:S1-5
Measurement of ammonia in blood (Barsotti). 2001;138:S11-20
Blood flow velocity
The relation between lower limb pooling and blood flow during orthostasis in the postural orthostatic tachycardia syndrome of adolescents (Stewart and Weldon). 2001;138:512-9
Blood glucose self-monitoring
Later status of juvenile diabetics (Schwartz). 2001;138:268 (50 years ago)
Blood pressure
Ambulatory blood pressure monitoring and coarctation of the aorta (Bald and Neudorf) (Letter); (Giordano) (Reply). 2001;138:610-1
Blood pressure percentiles and standard deviations (Piecuch). 2001;138:787 (Letter)
Blood transfusion
Unrelated cord blood transplantation for correction of genetic immunodeficiencies (Filipovich). 2001;138:459-61 (Editorial)
Unrelated umbilical cord stem cell transplantation for X-linked immunodeficiencies (Ziegner et al). 2001;138:570-3 (CLO)
Body composition
Disproportionate alterations in body composition of large for gestational age neonates (Hammami et al). 2001;138:817-21
Body height
Back to basics: early diagnosis and compliance improve final height outcome in congenital adrenal hyperplasia (Schwartz). 2001;138:3-5 (Editorial)
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8 (Editorial)
Effect of growth hormone treatment on final height, phosphate metabolism, and bone mineral density in children with X-linked hypophosphatemic rickets (Baroncelli et al). 2001;138:236-43
Height outcome in congenital adrenal hyperplasia caused by 21-hydroxylase deficiency: a meta-analysis (Eugster et al). 2001;138:26-32
Impact of timing of pubertal maturation on growth in black and white female adolescents: the National Heart, Lung, and Blood Institute Growth and Health Study (Biro et al). 2001;138:636-43
Tall stature, gonadal dysgenesis, and stigmata of Turner's syndrome caused by a structurally altered X chromosome (Binder et al). 2001;138:285-7 (CLO)
Body image
Body image concerns among children (Striegel-Moore). 2001;138:158-60 (Editorial)
Overweight concerns and body dissatisfaction among third-grade children: the impacts of ethnicity and socioeconomic status (Robinson et al). 2001;138:181-7
Body mass index
C-reactive protein and body mass index in children: findings from the Third National Health and Nutrition Examination Survey, 1988-1994 (Ford et al). 2001;138:486-92

Body temperature regulation
Skin-to-skin (kangaroo) care, respiratory control, and thermoregulation (Bohnhorst et al). 2001;138:193-7
Body weight
Body image concerns among children (Striegel-Moore). 2001;138:158-60 (Editorial)
Overweight concerns and body dissatisfaction among third-grade children: the impacts of ethnicity and socioeconomic status (Robinson et al). 2001;138:181-7
Bone density
Effect of growth hormone treatment on final height, phosphate metabolism, and bone mineral density in children with X-linked hypophosphatemic rickets (Baroncelli et al). 2001;138:236-43
Normal bone mineral density after treatment for childhood acute lymphoblastic leukemia diagnosed between 1991 and 1998 (Kadan-Lottick et al). 2001;138:898-904
Bone marrow transplantation
Bone marrow transplantation for aspartylglucosaminuria: follow-up study of transplanted and non-transplanted patients (Arvio et al). 2001;138:288-90 (CLO)
Clofazimine enteropathy in a pediatric bone marrow transplant recipient (Parizhskaya et al). 2001;138:574-6 (CLO)
Brachiocephalic trunk
Spiral computed tomography and three-dimensional image reconstruction of an aberrant innominate artery (Ohta et al). 2001;138:952 (Insights)
Bradycardia
Skin-to-skin (kangaroo) care, respiratory control, and thermoregulation (Bohnhorst et al). 2001;138:193-7
Brain
Hypoparathyroidism and intracranial calcifications in β-thalassemia major (Zafeiriou et al). 2001;138:411 (Insights)
Sickle cell disease. Report of a case with anemia, subarachnoid hemorrhage, and cerebral thrombosis (Buchanan). 2001;138:86 (50 years ago)
Brain edema
Acute encephalopathy despite early therapy in a patient with homozygosity for E365K in the glutaryl-coenzyme A dehydrogenase gene (Kölker et al). 2001;138:277-9 (CLO)
In vivo evidence of brain galactitol accumulation in an infant with galactosemia and encephalopathy (Berry et al). 2001;138:260-2 (CLO)
Brain injuries
Early neonatal brain injury in histologic chorioamnionitis (De Felice et al). 2001;138:101-4 (CLO)
Excitatory amino acid concentrations in ventricular cerebrospinal fluid after severe traumatic brain injury in infants and children: the role of child abuse (Ruppel et al). 2001;138:18-25
Medial medullary injury during adenoidectomy (Kang et al). 2001;138:772-4 (CLO)
Treatment of pediatric traumatic brain injury: a broad path to a narrow gate (Glass). 2001;138:1-3 (Editorial)
Breast
Abundant human β-defensin-1 expression in milk and mammary gland epithelium (Jia et al). 2001;138:109-12 (CLO)
Precocious sexual development: a study of thirty cases (Schwartz). 2001;138:492 (50 years ago)
Premature thelarche in girls after growth hormone therapy (Carvalho et al) (Letter); (Malozowski) (Reply). 2001;138:448-9
Breast feeding
A modern concept of breast-feeding (Welch). 2001;138:673 (50 years ago)
Iron supplementation of breast-fed Honduran and Swedish infants from 4 to 9 months of age (Domellöf et al). 2001;138:679-87
Bromides
Ipratropium bromide plus nebulized albuterol for the treatment of hospitalized children with acute asthma (Craven et al). 2001;138:51-8
Bronchitis
"Plastic bronchitis" complicating recovery from congenital heart surgery (Setzer et al). 2001;138:605 (Insights)
Bronchoscopy
Effect of jaw-thrust and continuous positive airway pressure on tidal breathing in deeply sedated infants (Hammer et al). 2001;138:826-30
Budesonide
Montelukast added to budesonide in children with persistent asthma: a randomized, double-blind, crossover study (Simons et al). 2001;138:694-8

C

C-reactive proteins; *see* Proteins
Calcification
Hypoparathyroidism and intracranial calcifications in β-thalassemia major (Zafeiriou et al). 2001;138:411 (Insights)
Calcinosis
Calcinosis cutis as a complication of parenteral calcium gluconate therapy (Soon et al). 2001;138:778 (Insights)
New insight into calcinosis of juvenile dermatomyositis: a study of composition and treatment (Mukamel et al). 2001;138:763-6 (CLO)
Calcium
Decreased urinary citrate excretion in type 1a glycogen storage disease (Weinstein et al). 2001;138:378-82
Calcium gluconate
Calcinosis cutis as a complication of parenteral calcium gluconate therapy (Soon et al). 2001;138:778 (Insights)
Canada
Variations in intraventricular hemorrhage incidence rates among Canadian neonatal intensive care units (Synnes et al). 2001;138:525-31
Cancer; *see* Neoplasms
Capital punishment
Fetal alcohol syndrome: when the end does not justify the means (Abel) (Letter); (Jones) (Reply). 2001;138:295-6
Capsules
Enteric-coated, pH-dependent peppermint oil capsules for the treatment of irritable bowel syndrome in children (Kline et al). 2001;138:125-8 (CLO)
Cardiac defects; *see* Heart defects, congenital
Cardiac tamponade
Death as a complication of peripherally inserted central catheters in neonates (Nadroo et al). 2001;138:599-601 (CLO)
Cardiovascular system
Cardiovascular risk factors after Kawasaki disease: a case-control study (e Silva et al). 2001;138:400-5
Caregivers
Measuring pain accurately in children with cognitive impairments: refinement of a caregiver scale (Breau et al). 2001;138:721-7
Carnitine
Carnitine transporter defect diagnosed by newborn screening with electrospray tandem mass spectrometry (Wilcken et al). 2001;138:581-4 (CLO)
Cartilage-hair hypoplasia
Hirschsprung disease associated with severe cartilage-hair hypoplasia (Mäkitie et al). 2001;138:929-31 (CLO)
Carvedilol
Carvedilol—a new dimension in pediatric heart failure therapy (Spicer). 2001;138:457-8 (Editorial)
Carvedilol as therapy in pediatric heart failure: an initial multicenter experience (Bruns et al). 2001;138:505-11
Catheters, indwelling
Catheter-related thrombosis in children with cancer (Glaser et al). 2001;138:255-9
Death as a complication of peripherally inserted central catheters in neonates (Nadroo et al). 2001;138:599-601 (CLO)
Celiac disease
Celiac disease presenting with microcephaly (Bostwick et al). 2001;138:589-92 (CLO)
Health-related quality of life in children with celiac disease (Kolsteren et al). 2001;138:593-5 (CLO)
Cerebral cortex
The treatment of epilepsy by cortical excision (Nordli). 2001;138:693 (50 years ago)

Cerebral palsy
The association of Apgar score with subsequent death and cerebral palsy: a population-based study in term infants (Moster et al). 2001;138:798-803
Cerebral palsy in term infants—birth or before birth? (Paneth). 2001;138:791-2 (Editorial)
Congenital abnormalities among children with cerebral palsy: more evidence for prenatal antecedents (Croen et al). 2001;138:804-10
Living with cerebral palsy and tube feeding (Eyman and Grossman) (Letter); (Smith et al) (Reply). 2001;138:147
Cerebrospinal fluid
Excitatory amino acid concentrations in ventricular cerebrospinal fluid after severe traumatic brain injury in infants and children: the role of child abuse (Ruppel et al). 2001;138:18-25
Postictal cerebrospinal fluid abnormalities in children (Wong et al). 2001;138:373-7
The role of the Rh factor in the etiology of cerebral palsy (Dammann). 2001;138:758 (50 years ago)
Treatment of pediatric traumatic brain injury: a broad path to a narrow gate (Glass). 2001;138:1-3 (Editorial)
Child, hospitalized
Ipratropium bromide plus nebulized albuterol for the treatment of hospitalized children with acute asthma (Craven et al). 2001;138:51-8
Child abuse
Excitatory amino acid concentrations in ventricular cerebrospinal fluid after severe traumatic brain injury in infants and children: the role of child abuse (Ruppel et al). 2001;138:18-25
Treatment of pediatric traumatic brain injury: a broad path to a narrow gate (Glass). 2001;138:1-3 (Editorial)
Child development
Early predictors of neurodevelopmental outcome in symptomatic congenital cytomegalovirus infection (Noyola et al). 2001;138:325-31
The effect of allergy management on growth and development of allergic children (Daines and Hershey). 2001;138:925 (50 years ago)
Effect of zinc supplementation on development and growth of Chilean infants (Castillo-Durán et al). 2001;138:229-35
Child development disorders
Maternal thyroid deficiency: another consideration in global developmental delay (Barness and Klein). 2001;138:611-2 (Letter)
Chile
Effect of zinc supplementation on development and growth of Chilean infants (Castillo-Durán et al). 2001;138:229-35
Chlortetracycline
Aureomycin in pediatrics: a review (Green). 2001;138:119 (50 years ago)
Cholestasis
Infantile cholestatic jaundice associated with adult-onset type II citrullinemia (Tazawa et al). 2001;138:735-40 (CLO)
Chorioamnionitis
Early neonatal brain injury in histologic chorioamnionitis (De Felice et al). 2001;138:101-4 (CLO)
Thymic size and chorioamnionitis in very low birth weight infants (Manzar) (Letter); (De Felice and Toti) (Reply). 2001;138:296-7
Citrates
Decreased urinary citrate excretion in type 1a glycogen storage disease (Weinstein et al). 2001;138:378-82
Citrulline
Infantile cholestatic jaundice associated with adult-onset type II citrullinemia (Tazawa et al). 2001;138:735-40 (CLO)
Possible clinical and histologic manifestations of adult-onset type II citrullinemia in early infancy (Tomomasa et al). 2001;138:741-3 (CLO)
Clitoris
Precocious sexual development: a study of thirty cases (Schwartz). 2001;138:492 (50 years ago)
Clofazimine
Clofazimine enteropathy in a pediatric bone marrow transplant recipient (Parizhskaya et al). 2001;138:574-6 (CLO)
Coarctation of the aorta; *see* Aortic coarctation
Cocaine
Are there neurologic correlates of in utero cocaine exposure at age 6 years? (Hurt et al). 2001;138:911-3 (CLO)
Coenzyme A
Acute encephalopathy despite early therapy in a patient with homozygosity for E365K in the glutaryl-coenzyme A dehydrogenase gene (Kölker et al). 2001;138:277-9 (CLO)
Cognition
Early predictors of neurodevelopmental outcome in symptomatic congenital cytomegalovirus infection (Noyola et al). 2001;138:325-31
Cognition disorders
Measuring pain accurately in children with cognitive impairments: refinement of a caregiver scale (Breau et al). 2001;138:721-7
Colic
Infants with colic have a normal sleep structure at 2 and 7 months of age (Kirjavainen et al). 2001;138:218-23
Colon
Colonic CD8 and γδT-cell infiltration with epithelial damage in children with autism (Furlano et al). 2001;138:366-72
Colonic diseases, functional
Enteric-coated, pH-dependent peppermint oil capsules for the treatment of irritable bowel syndrome in children (Kline et al). 2001;138:125-8 (CLO)
Colonic polyps
Germline characterization of early-aged onset of hereditary non-polyposis colorectal cancer (Huang et al). 2001;138:629-35
Colorectal neoplasms
Germline characterization of early-aged onset of hereditary non-polyposis colorectal cancer (Huang et al). 2001;138:629-35
Coma
Ophthalmic drops causing coma in an infant (Berlin et al). 2001;138:441-3 (CLO)
Combination vaccines; *see* Vaccines
Communicable diseases
Aureomycin in pediatrics: a review (Green). 2001;138:119 (50 years ago)
Comorbidity
Comorbidity of other pains in schoolchildren with migraine or nonmigrainous headache (Anttila et al). 2001;138:176-80
Understanding the nature of multiple pains in children (Alfvén). 2001;138:156-8 (Editorial)
Complement factor H
Familial hemolytic uremic syndrome associated with complement factor H deficiency (Landau et al). 2001;138:412-7 (CLO)
The 4 H Club: health, happiness, factor H, and HUS (Trachtman). 2001;138:303-5 (Editorial)
Compliance, patient; *see* Patient compliance
Computed tomography; *see* Tomography, X-ray computed
Congenital adrenal hyperplasia; *see* Adrenal hyperplasia, congenital
Congenital cytomegalovirus infection; *see* Cytomegalic inclusion disease, congenital
Congenital defects; *see* Abnormalities
Congenital heart defects; *see* Heart defects, congenital
Congestive heart failure; *see* Heart failure, congestive
Continuous positive airway pressure; *see* Positive-pressure respiration
Convulsions, febrile
Preventing febrile seizures in children with oral diazepam: can a controlled trial truly be "double-blind?" (Rosman et al). 2001;138:548-52
Coping strategies; *see* Adaptation, psychological
Cord blood; *see* Fetal blood
Corneal opacity
A new variant neuropathic type of Gaucher's disease characterized by hydrocephalus, corneal opacities, deformed toes, and fibrous thickening of spleen and liver capsules (Inui et al). 2001;138:137-9 (CLO)
Correspondence
Letters. 2001;138:147-52, 295-300, 447-52, 609-14, 783-8, 953-6
Cortisone
ACTH and cortisone in pediatric practice (Padbury). 2001;138:643 (50 years ago)
Costello syndrome
Growth hormone deficiency in Costello syndrome: a possible explanation for the short stature (Legault et al). 2001;138:151-2 (Letter)

Costs and cost analysis
Declining pediatric subspecialty training and rising educational debt (Hardie and Jaskiewicz) (Letter); (Stockman) (Reply). 2001;138:149-51
Cough
Conference at Raymond Blank Memorial Hospital for Children, Des Moines, Iowa (Buchino). 2001;138:655 (50 years ago)
Cow's milk; *see* Milk
Crime
Fetal alcohol syndrome: when the end does not justify the means (Abel) (Letter); (Jones) (Reply). 2001;138:295-6
Crohn's disease
The oral cavity in Crohn's disease (Pittock et al). 2001;138:767-71 (CLO)
Cross infection
Efficacy of *Lactobacillus* GG in prevention of nosocomial diarrhea in infants (Szajewska et al). 2001;138:361-5
Culture
Religious/cultural causes of vitamin D deficiency in infants (Seeler) (Letter); (Kreiter and Schwartz) (Reply). 2001;138:954
Cystic adenomatoid malformation of lung, congenital
Conference at Raymond Blank Memorial Hospital for Children, Des Moines, Iowa (Buchino). 2001;138:655 (50 years ago)
Cystic fibrosis
Clinical outcome after early *Pseudomonas aeruginosa* infection in cystic fibrosis (Nixon et al). 2001;138:699-704
Long-term comparative trial of positive expiratory pressure versus oscillating positive expiratory pressure (flutter) physiotherapy in the treatment of cystic fibrosis (McIlwaine et al). 2001;138:845-50
Spirometer-triggered high-resolution computed tomography and pulmonary function measurements during an acute exacerbation in patients with cystic fibrosis (Robinson et al). 2001;138:553-9
Treatment of vitamin K deficiency in cystic fibrosis: effectiveness of a daily fat-soluble vitamin combination (Wilson et al). 2001;138:851-5
Cystinosis
Long-term treatment with growth hormone in short children with nephropathic cystinosis (Wühl et al). 2001;138:880-7
Cytomegalic inclusion disease, congenital
Early predictors of neurodevelopmental outcome in symptomatic congenital cytomegalovirus infection (Noyola et al). 2001;138:325-31

D

Day care
The US Peanut and Tree Nut Allergy Registry: characteristics of reactions in schools and day care (Sicherer et al). 2001;138:560-5
Death, infant; *see* Infant mortality
Defensin
Abundant human β-defensin-1 expression in milk and mammary gland epithelium (Jia et al). 2001;138:109-12 (CLO)
Deflazacort
Deflazacort treatment of Duchenne muscular dystrophy (Biggar et al). 2001;138:45-50
Dehydrogenases; *see* Oxidoreductases
Deletion, gene; *see* Gene deletion
Delivery
The association of Apgar score with subsequent death and cerebral palsy: a population-based study in term infants (Moster et al). 2001;138:798-803
Cerebral palsy in term infants—birth or before birth? (Paneth). 2001;138:791-2 (Editorial)
Delivery of health care
Consistency of care with national guidelines for children with asthma in managed care (Diette et al). 2001;138:59-64
Will current training programs prepare pediatricians to meet the health care needs of children in the 21st century? An opinion (Pizzo and Lovejoy). 2001;138:789-90 (AMSPDC)
Dermatitis, atopic
Use of nonsteroidal topical immunomodulators for the treatment of atopic dermatitis in the pediatric population (Paller). 2001;138:163-8
Dermatomyositis
Juvenile dermatomyositis presenting with anasarca: a possible indicator of severe disease activity (Mitchell et al). 2001;138:942-5 (CLO)
KL-6 is a potential marker for interstitial lung disease associated with juvenile dermatomyositis (Kobayashi et al). 2001;138:274-6 (CLO)
New insight into calcinosis of juvenile dermatomyositis: a study of composition and treatment (Mukamel et al). 2001;138:763-6 (CLO)
Development, child; *see* Child development
Diabetes insipidus
Hyponatremia and polyuria in children with central diabetes insipidus: challenges in diagnosis and management (Ferry et al). 2001;138:744-7 (CLO)
Diabetes mellitus, insulin-dependent
Changes in frequency and severity of limited joint mobility in children with type 1 diabetes mellitus between 1976-78 and 1998 (Infante et al). 2001;138:33-7
Diabetes mellitus: type 1 or type 2? (Rapaport et al) (Letter); (Fagot-Campagna et al) (Reply). 2001;138:612-3
First-phase insulin release during the intravenous glucose tolerance test as a risk factor for type 1 diabetes (Chase et al). 2001;138:244-9
Later status of juvenile diabetics (Schwartz). 2001;138:268 (50 years ago)
Neonatal diabetes mellitus, enteropathy, thrombocytopenia, and endocrinopathy: further evidence for an X-linked lethal syndrome (Levy-Lahad and Wildin). 2001;138:577-80 (CLO)
Reduced total plasma homocyst(e)ine in children and adolescents with type 1 diabetes (Wiltshire et al). 2001;138:888-93
Diabetes mellitus, non-insulin-dependent
Adiposity in childhood predicts obesity and insulin resistance in young adulthood (Steinberger et al). 2001;138:469-73
Diabetes mellitus: type 1 or type 2? (Rapaport et al) (Letter); (Fagot-Campagna et al) (Reply). 2001;138:612-3
Overweight and precursors of type 2 diabetes mellitus in children and adolescents (Dietz). 2001;138:453-4 (Editorial)
Diabetic ketoacidosis
Diabetic ketoacidosis associated with olanzapine in an adolescent patient (Selva and Scott). 2001;138:936-8 (CLO)
Diagnosis
Back to basics: early diagnosis and compliance improve final height outcome in congenital adrenal hyperplasia (Schwartz). 2001;138:3-5 (Editorial)
Gastrointestinal polyps in children: advances in molecular genetics, diagnosis, and management (Corredor et al). 2001;138:621-8
Hyponatremia and polyuria in children with central diabetes insipidus: challenges in diagnosis and management (Ferry et al). 2001;138:744-7 (CLO)
Regarding autism (Mangravite) (Letter); (Accardo and Bostwick) (Reply). 2001;138:147-8
What's all the fuss about Ritalin? (Accardo and Blondis). 2001;138:6-9 (Invited commentary)
Diagnosis, differential
Proceedings of a Consensus Conference for the Management of Patients with Urea Cycle Disorders (Summar and Tuchman). 2001;138:S6-10
Diagnosis, laboratory
Laboratory evaluation of urea cycle disorders (Steiner and Cederbaum). 2001;138:S21-9
Diagnostic imaging
Spiral computed tomography and three-dimensional image reconstruction of an aberrant innominate artery (Ohta et al). 2001;138:952 (Insights)
Diarrhea
Efficacy of *Lactobacillus* GG in prevention of nosocomial diarrhea in infants (Szajewska et al). 2001;138:361-5
Reduced osmolarity oral rehydration solution for persistent diarrhea in infants: a randomized controlled clinical trial (Sarker et al). 2001;138:532-8
Diazepam
Preventing febrile seizures in children with oral diazepam: can a controlled trial truly be "double-blind?" (Rosman et al). 2001;138:548-52
Diet
Caveats when considering ketogenic diets for the treatment of pyruvate dehydrogenase complex deficiency (Weber et al). 2001;138:390-5

Consensus statement from a Conference for the Management of Patients with Urea Cycle Disorders (Urea Cycle Disorders Conference Group). 2001;138:S1-5
Long-term management of patients with urea cycle disorders (Berry and Steiner). 2001;138:S56-61
The nutritional management of urea cycle disorders (Leonard). 2001;138:S40-5

Diffuse mesangial sclerosis; *see* Kidney diseases

Diphenhydramine
Children's school performance is not impaired by short-term administration of diphenhydramine or loratadine (Bender et al). 2001;138:656-60

Diphtheria-tetanus-pertussis vaccine
Combination vaccines (Hessel et al) (Letter); (Decker and Edwards) (Reply). 2001;138:613

Disseminated intravascular coagulation
Partial splenic embolization in lymphangiomatosis (Bader-Meunier et al). 2001;138:613-4 (Letter)

DNA, mitochondrial
Mitochondrial DNA depletion, near-fatal metabolic acidosis, and liver failure in an HIV-infected child treated with combination antiretroviral therapy (Church et al). 2001;138:748-51 (CLO)

Dopa
L-dopa and selegiline for tyrosine hydroxylase deficiency (Häussler et al). 2001;138:451-2 (Letter)

Dose-response relationship, drug
A randomized, double-blind, placebo-controlled trial of single-dose intravenous secretin as treatment for children with autism (Coniglio et al). 2001;138:649-55

Drug abuse; *see* Substance abuse

Drugs
Gastroesophageal reflux medications in the treatment of apnea in premature infants (Kimball and Carlton). 2001;138:355-60

Duchenne muscular dystrophy; *see* Muscular dystrophy

Ductus arteriosus, patent
Early versus late indomethacin treatment for patent ductus arteriosus in premature infants with respiratory distress syndrome (Van Overmeire et al). 2001;138:205-11

Dulcitol
In vivo evidence of brain galactitol accumulation in an infant with galactosemia and encephalopathy (Berry et al). 2001;138:260-2 (CLO)

E

Echocardiography
Echocardiographic outcome of infants treated as newborns with inhaled nitric oxide for severe hypoxemic respiratory failure (Torielli et al). 2001;138:349-54

Ectodermal dysplasia
Major hereditary ectodermal dysplasia (Fernhoff). 2001;138:324 (50 years ago)

Edema
Juvenile dermatomyositis presenting with anasarca: a possible indicator of severe disease activity (Mitchell et al). 2001;138:942-5 (CLO)

Editorials
Back to basics: early diagnosis and compliance improve final height outcome in congenital adrenal hyperplasia (Schwartz). 2001;138:3-5
Body image concerns among children (Striegel-Moore). 2001;138:158-60
Carvedilol—a new dimension in pediatric heart failure therapy (Spicer). 2001;138:457-8
Cerebral palsy in term infants—birth or before birth? (Paneth). 2001;138:791-2
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8
The 4 H Club: health, happiness, factor H, and HUS (Trachtman). 2001;138:303-5
Grading the graders of congestive heart failure in children (Ross). 2001;138:618-20
Influenza vaccine in children with asthma: why no progress? (Neuzil). 2001;138:301-3
Nasal steroids as treatment for obstructive sleep apnea: don't throw away the scalpel yet (Marcus). 2001;138:795-7
Overweight and precursors of type 2 diabetes mellitus in children and adolescents (Dietz). 2001;138:453-4
Predictors of outcomes in preterm infants: which ones and when? (Jobe). 2001;138:153-6
Progress and prospects for the acute chest syndrome of sickle cell anemia (Rucknagel). 2001;138:160-2
Sleep, sleep position, and the sudden infant death syndrome: to sleep or not to sleep? That is the question (Thach). 2001;138:793-5
Treatment of pediatric traumatic brain injury: a broad path to a narrow gate (Glass). 2001;138:1-3
Understanding the nature of multiple pains in children (Alfvén). 2001;138:156-8
Unrelated cord blood transplantation for correction of genetic immunodeficiencies (Filipovich). 2001;138:459-61
Yet another target organ of obesity (Welch and Daniels). 2001;138:455-6

Education
Impact of family structure and stability on academic outcome in preterm children at 10 years of age (Gross et al). 2001;138:169-75
Predictors of outcomes in preterm infants: which ones and when? (Jobe). 2001;138:153-6 (Editorial)

Education, medical
Declining pediatric subspecialty training and rising educational debt (Hardie and Jaskiewicz) (Letter); (Stockman) (Reply). 2001;138:149-51
Will current training programs prepare pediatricians to meet the health care needs of children in the 21st century? An opinion (Pizzo and Lovejoy). 2001;138:789-90 (AMSPDC)

Educational debt; *see* Costs and cost analysis

Embolization, therapeutic
Partial splenic embolization in lymphangiomatosis (Bader-Meunier et al). 2001;138:613-4 (Letter)

Emergency medical services
Prospective multicenter study of relapse after treatment for acute asthma among children presenting to the emergency department (Emerman et al). 2001;138:318-24

Encephalopathies
Neurologic examination in infants with hypoxic-ischemic encephalopathy at age 9 to 14 months: use of optimality scores and correlation with magnetic resonance imaging findings (Haataja et al). 2001;138:332-7

Enteral nutrition
Continuous enteral feeding impairs gallbladder emptying in infants (Jawaheer et al). 2001;138:822-5
Living with cerebral palsy and tube feeding (Eyman and Grossman) (Letter); (Smith et al) (Reply). 2001;138:147

Enteric-coated tablets; *see* Tablets, enteric-coated

Enterocolitis, pseudomembranous
Platelet-activating factor in infants at risk for necrotizing enterocolitis (Rabinowitz et al). 2001;138:81-6

Enteropathies
Clofazimine enteropathy in a pediatric bone marrow transplant recipient (Parizhskaya et al). 2001;138:574-6 (CLO)
Neonatal diabetes mellitus, enteropathy, thrombocytopenia, and endocrinopathy: further evidence for an X-linked lethal syndrome (Levy-Lahad and Wildin). 2001;138:577-80 (CLO)

Enterostomy
Is the Kasai operation still indicated in children older than 3 months diagnosed with biliary atresia? (Chardot et al). 2001;138:224-8

Enzyme replacement therapy
The efficacy of enzyme replacement therapy in patients with chronic neuronopathic Gaucher's disease (Altarescu et al). 2001;138:539-47

Epiglottis
Retropharyngeal abscess: epiglottitis of the new millennium (Lee et al). 2001;138:435-7 (CLO)

Epilepsy
The treatment of epilepsy by cortical excision (Nordli). 2001;138:693 (50 years ago)

Epithelium
Abundant human β-defensin-1 expression in milk and mammary gland epithelium (Jia et al). 2001;138:109-12 (CLO)

Colonic CD8 and γδT-cell infiltration with epithelial damage in children with autism (Furlano et al). 2001;138:366-72

Erythema multiforme
Erythema multiforme as a manifestation of neonatal septicemia (Stoll and Spraker). 2001;138:592 (50 years ago)

Erythropoietin
Identification of poor responders to erythropoietin among children undergoing hemodialysis (Seeherunvong et al). 2001;138:710-4

Esophageal atresia
Congenital tracheo-esophageal fistula without esophageal atresia (Hartnick and Cotton). 2001;138:916 (50 years ago)

Ethnic groups
Body image concerns among children (Striegel-Moore). 2001;138:158-60 (Editorial)
Overweight concerns and body dissatisfaction among third-grade children: the impacts of ethnicity and socioeconomic status (Robinson et al). 2001;138:181-7

Etiology
Acute glomerulonephritis: impetigo as an etiological factor (Stapleton). 2001;138:531 (50 years ago)
The role of the Rh factor in the etiology of cerebral palsy (Dammann). 2001;138:758 (50 years ago)

Etoposide
A randomized trial of treatment for multisystem Langerhans' cell histiocytosis (Gadner et al). 2001;138:728-34

Evidence-based medicine
Compliance with guidelines is not the same as evidence-based medicine (Seidman) (Letter); (Christakis et al) (Reply). 2001;138:299-300

Evoked potentials, auditory, brain stem
Efficacy of automated auditory brainstem response hearing screening in very preterm newborns (van Straaten et al). 2001;138:674-8

Extremities
The relation between lower limb pooling and blood flow during orthostasis in the postural orthostatic tachycardia syndrome of adolescents (Stewart and Weldon). 2001;138:512-9
Weight loss, hypertension, weakness, and limb pain in an 11-year-old boy (Shih and Gartner). 2001;138:566-9 (Grand rounds)

Eye
A new variant neuropathic type of Gaucher's disease characterized by hydrocephalus, corneal opacities, deformed toes, and fibrous thickening of spleen and liver capsules (Inui et al). 2001;138:137-9 (CLO)
Ophthalmic drops causing coma in an infant (Berlin et al). 2001;138:441-3 (CLO)

F

Factor H; *see* Complement factor H

Familial Mediterranean fever
Incidence of familial Mediterranean fever (FMF) mutations among children of Mediterranean extraction with functional abdominal pain (Brik et al). 2001;138:759-62 (CLO)

Family
Impact of family structure and stability on academic outcome in preterm children at 10 years of age (Gross et al). 2001;138:169-75
Predictors of outcomes in preterm infants: which ones and when? (Jobe). 2001;138:153-6 (Editorial)
Psychosocial issues and coping strategies in families affected by urea cycle disorders (Cederbaum et al). 2001;138:S72-80

Fanconi's anemia
Growth hormone deficiency caused by pituitary stalk interruption in Fanconi's anemia (Dupuis-Girod et al). 2001;138:129-33 (CLO)

Fasting
Why we need sedation guidelines (Coté). 2001;138:447-8 (Letter)

Fat-soluble vitamins; *see* Vitamins

Fatty acid desaturases
Acute fatty liver of pregnancy associated with short-chain acyl-coenzyme A dehydrogenase deficiency (Matern et al). 2001;138:585-8 (CLO)

Fatty liver
Acute fatty liver of pregnancy associated with short-chain acyl-coenzyme A dehydrogenase deficiency (Matern et al). 2001;138:585-8 (CLO)

Febrile seizures; *see* Convulsions, febrile

Feeding behavior
The relationship between infant feeding experience and later behavior (Accardo). 2001;138:249 (50 years ago)

Female
Early metabolic abnormalities in adolescent girls with polycystic ovarian syndrome (Lewy et al). 2001;138:38-44

Fetal alcohol syndrome
Fetal alcohol syndrome: when the end does not justify the means (Abel) (Letter); (Jones) (Reply). 2001;138:295-6

Fetal blood
Evaluation of primary hemostasis in neonates with a new in vitro platelet function analyzer (Israels et al). 2001;138:116-9 (CLO)
Unrelated cord blood transplantation for correction of genetic immunodeficiencies (Filipovich). 2001;138:459-61 (Editorial)
Unrelated umbilical cord stem cell transplantation for X-linked immunodeficiencies (Ziegner et al). 2001;138:570-3 (CLO)

Fetal death
The association of Apgar score with subsequent death and cerebral palsy: a population-based study in term infants (Moster et al). 2001;138:798-803
Cerebral palsy in term infants—birth or before birth? (Paneth). 2001;138:791-2 (Editorial)
Congenital abnormalities among children with cerebral palsy: more evidence for prenatal antecedents (Croen et al). 2001;138:804-10

Fetal growth retardation
Term infants with fetal growth restriction are not at increased risk for low intelligence scores at age 17 years (Paz et al). 2001;138:87-91

Fetus, abnormalities
Molecular prenatal diagnosis in families with fetal mitochondrial trifunctional protein mutations (Ibdah et al). 2001;138:396-9
Prevalence of 22q11 deletion in fetuses with conotruncal cardiac defects: a 6-year prospective study (Younes et al). 2001;138:520-4

Fiber optics
Fiberoptic and conventional phototherapy effects on the skin of premature infants (Dani et al). 2001;138:438-40 (CLO)

50 years ago in the *Journal of Pediatrics*
ACTH and cortisone in pediatric practice (Padbury). 2001;138:643 (50 years ago)
Acute glomerulonephritis: impetigo as an etiological factor (Stapleton). 2001;138:531 (50 years ago)
Aortic atresia with hypoplasia of the left heart and aortic arch (Strauss). 2001;138:504 (50 years ago)
Aureomycin in pediatrics: a review (Green). 2001;138:119 (50 years ago)
Conference at Raymond Blank Memorial Hospital for Children, Des Moines, Iowa (Buchino). 2001;138:655 (50 years ago)
Congenital tracheo-esophageal fistula without esophageal atresia (Hartnick and Cotton). 2001;138:916 (50 years ago)
Current adoption practices (Felice). 2001;138:389 (50 years ago)
The effect of allergy management on growth and development of allergic children (Daines and Hershey). 2001;138:925 (50 years ago)
Erythema multiforme as a manifestation of neonatal septicemia (Stoll and Spraker). 2001;138:592 (50 years ago)
Later status of juvenile diabetics (Schwartz). 2001;138:268 (50 years ago)
Major hereditary ectodermal dysplasia (Fernhoff). 2001;138:324 (50 years ago)
Methylene blue in the treatment of methemoglobinemia in premature infants caused by marking ink (Buchanan). 2001;138:204 (50 years ago)
A modern concept of breast-feeding (Welch). 2001;138:673 (50 years ago)
Neuroblastoma sympatheticum with metastasis (Buchino). 2001;138:360 (50 years ago)
Pertussis: clinical comparisons of the newer antibiotics (Novelli). 2001;138:938 (50 years ago)
Precocious sexual development: a study of thirty cases (Schwartz). 2001;138:492 (50 years ago)
The relationship between infant feeding experience and later behavior (Accardo). 2001;138:249 (50 years ago)

Retrolental fibroplasia. Clinical statistics from the Premature Center of the Charity Hospital of Louisiana at New Orleans (Phelps). 2001;138:108 (50 years ago)
The role of the Rh factor in the etiology of cerebral palsy (Dammann). 2001;138:758 (50 years ago)
Sickle cell disease. Report of a case with anemia, subarachnoid hemorrhage, and cerebral thrombosis (Buchanan). 2001;138:86 (50 years ago)
Thymectomy and ACTH in lymphatic leukemia (Buchanan). 2001;138:254 (50 years ago)
The treatment of epilepsy by cortical excision (Nordli). 2001;138:693 (50 years ago)

Fine-needle aspiration biopsy; *see* Biopsy, needle

Fluid therapy
Reduced osmolarity oral rehydration solution for persistent diarrhea in infants: a randomized controlled clinical trial (Sarker et al). 2001;138:532-8

Flushing
Frey's syndrome (Moreno-Arias et al). 2001;138:294 (Insights)

Fluticasone
Efficacy of fluticasone nasal spray for pediatric obstructive sleep apnea (Brouillette et al). 2001;138:838-44
Nasal steroids as treatment for obstructive sleep apnea: don't throw away the scalpel yet (Marcus). 2001;138:795-7 (Editorial)

Food
The increasing prevalence of snacking among US children from 1977 to 1996 (Jahns et al). 2001;138:493-8

Food hypersensitivity
Hypoallergenicity and efficacy of an amino acid-based formula in children with cow's milk and multiple food hypersensitivities (Sicherer et al). 2001;138:688-93
The US Peanut and Tree Nut Allergy Registry: characteristics of reactions in schools and day care (Sicherer et al). 2001;138:560-5

Foot
Cavernous lymphangioma (Ng et al). 2001;138:146 (Insights)
Foot problems in Turner's syndrome (Findlay et al). 2001;138:775-7 (CLO)

Formula, infant; *see* Infant food

Frey's syndrome; *see* Sweating, gustatory

G

Galactitol; *see* Dulcitol

Galactosemia
In vivo evidence of brain galactitol accumulation in an infant with galactosemia and encephalopathy (Berry et al). 2001;138:260-2 (CLO)

Gallbladder emptying
Continuous enteral feeding impairs gallbladder emptying in infants (Jawaheer et al). 2001;138:822-5

Gastric bypass
Gastric bypass surgery in adolescents with morbid obesity (Strauss et al). 2001;138:499-504

Gastroesophageal reflux
Gastroesophageal reflux medications in the treatment of apnea in premature infants (Kimball and Carlton). 2001;138:355-60

Gastrointestinal polyps; *see* Intestinal polyps

Gaucher's disease
The efficacy of enzyme replacement therapy in patients with chronic neuronopathic Gaucher's disease (Altarescu et al). 2001;138:539-47
A new variant neuropathic type of Gaucher's disease characterized by hydrocephalus, corneal opacities, deformed toes, and fibrous thickening of spleen and liver capsules (Inui et al). 2001;138:137-9 (CLO)

Gene deletion
Prevalence of 22q11 deletion in fetuses with conotruncal cardiac defects: a 6-year prospective study (Younes et al). 2001;138:520-4

Gene therapy
Current strategies for the management of neonatal urea cycle disorders (Summar). 2001;138:S30-9
Long-term correction of urea cycle disorders (Lee and Goss). 2001;138:S62-71

Genes
Acute encephalopathy despite early therapy in a patient with homozygosity for E365K in the glutaryl-coenzyme A dehydrogenase gene (Kölker et al). 2001;138:277-9 (CLO)
Surfactant protein-A gene locus associated with recurrent otitis media (Rämet et al). 2001;138:266-8 (CLO)

Genes, suppressor
Germline Wilms tumor suppressor gene (*WT1*) mutation leading to isolated genital malformation without Wilms tumor or nephropathy (Köhler et al). 2001;138:421-4 (CLO)
Isolated diffuse mesangial sclerosis and Wilms tumor suppressor gene (Ito et al). 2001;138:425-7 (CLO)

Genetic defects
Unrelated cord blood transplantation for correction of genetic immunodeficiencies (Filipovich). 2001;138:459-61 (Editorial)
Unrelated umbilical cord stem cell transplantation for X-linked immunodeficiencies (Ziegner et al). 2001;138:570-3 (CLO)

Genetic diseases
Neonatal diabetes mellitus, enteropathy, thrombocytopenia, and endocrinopathy: further evidence for an X-linked lethal syndrome (Levy-Lahad and Wildin). 2001;138:577-80 (CLO)

Genetics, biochemical
Gastrointestinal polyps in children: advances in molecular genetics, diagnosis, and management (Corredor et al). 2001;138:621-8

Genitalia, abnormalities
Germline Wilms tumor suppressor gene (*WT1*) mutation leading to isolated genital malformation without Wilms tumor or nephropathy (Köhler et al). 2001;138:421-4 (CLO)

Genitalia, male
Effect of growth hormone treatment on testicular function, puberty, and adrenarche in boys with non-growth hormone-deficient short stature: a randomized, double-blind, placebo-controlled trial (Leschek et al). 2001;138:406-10

Gestational age
Disproportionate alterations in body composition of large for gestational age neonates (Hammami et al). 2001;138:817-21

Girl; *see* Female

Glaucoma
Ophthalmic drops causing coma in an infant (Berlin et al). 2001;138:441-3 (CLO)

Glomerulonephritis
Acute glomerulonephritis: impetigo as an etiological factor (Stapleton). 2001;138:531 (50 years ago)

Glomerulosclerosis
Proteinuria and focal segmental glomerulosclerosis in severely obese adolescents (Adelman et al). 2001;138:481-5
Yet another target organ of obesity (Welch and Daniels). 2001;138:455-6 (Editorial)

Glucocorticoids
ACTH and cortisone in pediatric practice (Padbury). 2001;138:643 (50 years ago)
Antenatal glucocorticoid treatment does not reduce chronic lung disease among surviving preterm infants (Van Marter et al). 2001;138:198-204
Glucocorticoid-remediable aldosteronism is associated with severe hypertension in early childhood (Dluhy et al). 2001;138:715-20

Glucose
Changes in frequency and severity of limited joint mobility in children with type 1 diabetes mellitus between 1976-78 and 1998 (Infante et al). 2001;138:33-7

Glucose tolerance test
First-phase insulin release during the intravenous glucose tolerance test as a risk factor for type 1 diabetes (Chase et al). 2001;138:244-9

Glucosylceramidase
The efficacy of enzyme replacement therapy in patients with chronic neuronopathic Gaucher's disease (Altarescu et al). 2001;138:539-47

Gluten
Celiac disease presenting with microcephaly (Bostwick et al). 2001;138:589-92 (CLO)
Health-related quality of life in children with celiac disease (Kolsteren et al). 2001;138:593-5 (CLO)

Glycogen
Hepatic storage of glycogen in Niemann-Pick disease type B (Smith et al). 2001;138:946-8 (CLO)
Glycogen storage disease type I
Decreased urinary citrate excretion in type Ia glycogen storage disease (Weinstein et al). 2001;138:378-82
Gonadal dysgenesis
Tall stature, gonadal dysgenesis, and stigmata of Turner's syndrome caused by a structurally altered X chromosome (Binder et al). 2001;138:285-7 (CLO)
Grand rounds
Grand rounds. 2001;138:566-9
Granulocyte colony-stimulating factor
Administration of recombinant granulocyte colony-stimulating factor to neonates with septicemia: a meta-analysis (Bernstein et al). 2001;138:917-20 (CLO)
Group A streptococcus; *see Streptococcus pyogenes*
Growth
Catch-up growth after pediatric liver transplantation (Zamora) (Letter); (Bartosh) (Reply). 2001;138:297-8
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8 (Editorial)
The effect of allergy management on growth and development of allergic children (Daines and Hershey). 2001;138:925 (50 years ago)
Effect of zinc supplementation on development and growth of Chilean infants (Castillo-Durán et al). 2001;138:229-35
Impact of timing of pubertal maturation on growth in black and white female adolescents: the National Heart, Lung, and Blood Institute Growth and Health Study (Biro et al). 2001;138:636-43
Growth disorders
Advances in pediatric nephrology: "The serenity to accept the things we cannot change" versus the courage to try (Stapleton). 2001;138:606-7 (Advances in pediatrics)
Effect of growth hormone treatment on testicular function, puberty, and adrenarche in boys with non-growth hormone-deficient short stature: a randomized, double-blind, placebo-controlled trial (Leschek et al). 2001;138:406-10
Growth hormone deficiency in Costello syndrome: a possible explanation for the short stature (Legault et al). 2001;138:151-2 (Letter)
Long-term treatment with growth hormone in short children with nephropathic cystinosis (Wühl et al). 2001;138:880-7
Growth hormone, pituitary; *see* Somatotropin
Guidelines
Compliance with guidelines is not the same as evidence-based medicine (Seidman) (Letter); (Christakis et al) (Reply). 2001;138:299-300
Consistency of care with national guidelines for children with asthma in managed care (Diette et al). 2001;138:59-64
Why we need sedation guidelines (Coté). 2001;138:447-8 (Letter)
Guillain-Barré syndrome; *see* Polyradiculoneuritis

H

Haemophilus influenzae
Combination vaccines (Hessel et al) (Letter); (Decker and Edwards) (Reply). 2001;138:613
Hair
Estimates of illicit drug use during pregnancy by maternal interview, hair analysis, and meconium analysis (Ostrea et al). 2001;138:344-8
The prevalence of upper lip hair in black and white girls during puberty: a new standard (Lucky et al). 2001;138:134-6 (CLO)
Halo nevi; *see* Skin neoplasms
Headache
Comorbidity of other pains in schoolchildren with migraine or nonmigrainous headache (Anttila et al). 2001;138:176-80
Understanding the nature of multiple pains in children (Alfvén). 2001;138:156-8 (Editorial)
Health
Health-related quality of life in children with celiac disease (Kolsteren et al). 2001;138:593-5 (CLO)
Hearing tests
Efficacy of automated auditory brainstem response hearing screening in very preterm newborns (van Straaten et al). 2001;138:674-8
Heart catheterization
Nobel laureates (Steeg). 2001;138:151 (Letter)
Heart defects, congenital
Aortic atresia with hypoplasia of the left heart and aortic arch (Strauss). 2001;138:504 (50 years ago)
Leukocytosis caused by prostaglandin E_1 in neonates (Arav-Boger et al). 2001;138:263-5 (CLO)
"Plastic bronchitis" complicating recovery from congenital heart surgery (Setzer et al). 2001;138:605 (Insights)
Prevalence of 22q11 deletion in fetuses with conotruncal cardiac defects: a 6-year prospective study (Younes et al). 2001;138:520-4
Heart failure, congestive
Carvedilol—a new dimension in pediatric heart failure therapy (Spicer). 2001;138:457-8 (Editorial)
Carvedilol as therapy in pediatric heart failure: an initial multicenter experience (Bruns et al). 2001;138:505-11
Grading the graders of congestive heart failure in children (Ross). 2001;138:618-20 (Editorial)
The New York University Pediatric Heart Failure Index: a new method of quantifying chronic heart failure severity in children (Connolly et al). 2001;138:644-8
Heart surgery
Calcinosis cutis as a complication of parenteral calcium gluconate therapy (Soon et al). 2001;138:778 (Insights)
"Plastic bronchitis" complicating recovery from congenital heart surgery (Setzer et al). 2001;138:605 (Insights)
Height; *see* Body height
Helicobacter pylori
Peptic ulcer disease and current approaches to *Helicobacter pylori* (Hassall). 2001;138:462-8
Hemangioendothelioma
Hepatic hemangioendothelioma associated with production of humoral thyrotropin-like factor (Ayling et al). 2001;138:932-5 (CLO)
Hemodialysis
Advances in pediatric nephrology: "The serenity to accept the things we cannot change" versus the courage to try (Stapleton). 2001;138:606-7 (Advances in pediatrics)
Identification of poor responders to erythropoietin among children undergoing hemodialysis (Seeherunvong et al). 2001;138:710-4
Hemolytic-uremic syndrome
Familial hemolytic uremic syndrome associated with complement factor H deficiency (Landau et al). 2001;138:412-7 (CLO)
The 4 H Club: health, happiness, factor H, and HUS (Trachtman). 2001;138:303-5 (Editorial)
Hemorrhage
Bleeding disorders: a common cause of menorrhagia in adolescents (Bevan et al). 2001;138:856-61
On the conservative management of acute immune thrombocytopenia in children (Tarantino) (Letter); (Dickerhoff and von Ruecker) (Reply). 2001;138:787-8
Variations in intraventricular hemorrhage incidence rates among Canadian neonatal intensive care units (Synnes et al). 2001;138:525-31
Hemostasis
Evaluation of primary hemostasis in neonates with a new in vitro platelet function analyzer (Israels et al). 2001;138:116-9 (CLO)
Hepatitis A vaccines; *see* Viral hepatitis vaccines
Hepatitis A virus
A prevalence study of hepatitis A virus infection in a migrant community: is hepatitis A vaccine indicated? (Dentinger et al). 2001;138:705-9
Hepatitis B vaccines
Combination vaccines (Hessel et al) (Letter); (Decker and Edwards) (Reply). 2001;138:613
Effect of thimerosal recommendations on hospitals' neonatal hepatitis B vaccination policies (Brayden et al). 2001;138:752-5 (CLO)
Hereditary diseases
Familial hemolytic uremic syndrome associated with complement factor H deficiency (Landau et al). 2001;138:412-7 (CLO)

The 4H Club: health, happiness, factor H, and HUS (Trachtman). 2001;138:303-5 (Editorial)
Germline characterization of early-aged onset of hereditary non-polyposis colorectal cancer (Huang et al). 2001;138:629-35
Major hereditary ectodermal dysplasia (Fernhoff). 2001;138:324 (50 years ago)

Herpesvirus infections
Primary human herpesvirus 6 infection in liver transplant recipients (Yoshikawa et al). 2001;138:921-5 (CLO)

Heterotopic transplantation; *see* Transplantation, heterotopic

Hirschsprung disease
Hirschsprung disease associated with severe cartilage-hair hypoplasia (Mäkitie et al). 2001;138:929-31 (CLO)

Histiocytosis, Langerhans' cell
A randomized trial of treatment for multisystem Langerhans' cell histiocytosis (Gadner et al). 2001;138:728-34

Histology
Early neonatal brain injury in histologic chorioamnionitis (De Felice et al). 2001;138:101-4 (CLO)

HIV
Mitochondrial DNA depletion, near-fatal metabolic acidosis, and liver failure in an HIV-infected child treated with combination antiretroviral therapy (Church et al). 2001;138:748-51 (CLO)

Homocysteine
Reduced total plasma homocyst(e)ine in children and adolescents with type 1 diabetes (Wiltshire et al). 2001;138:888-93

Homozygote
Acute encephalopathy despite early therapy in a patient with homozygosity for E365K in the glutaryl-coenzyme A dehydrogenase gene (Kölker et al). 2001;138:277-9 (CLO)

Honduras
Iron supplementation of breast-fed Honduran and Swedish infants from 4 to 9 months of age (Domellöf et al). 2001;138:679-87

Hospitalized child; *see* Child, hospitalized

HPA; *see* Antigens, human platelet

Human milk; *see* Milk, human

HUS; *see* Hemolytic-uremic syndrome

Hydrocephalus
A new variant neuropathic type of Gaucher's disease characterized by hydrocephalus, corneal opacities, deformed toes, and fibrous thickening of spleen and liver capsules (Inui et al). 2001;138:137-9 (CLO)

Hydrogen-ion concentration
Enteric-coated, pH-dependent peppermint oil capsules for the treatment of irritable bowel syndrome in children (Kline et al). 2001;138:125-8 (CLO)

Hydroxylases
Back to basics: early diagnosis and compliance improve final height outcome in congenital adrenal hyperplasia (Schwartz). 2001;138:3-5 (Editorial)
Height outcome in congenital adrenal hyperplasia caused by 21-hydroxylase deficiency: a meta-analysis (Eugster et al). 2001;138:26-32

Hyperaldosteronism
Glucocorticoid-remediable aldosteronism is associated with severe hypertension in early childhood (Dluhy et al). 2001;138:715-20

Hyperammonia; *see* Ammonia

Hyperinsulinism
Protein-sensitive and fasting hypoglycemia in children with the hyperinsulinism/hyperammonemia syndrome (Hsu et al). 2001;138:383-9
Relation of acanthosis nigricans to hyperinsulinemia and insulin sensitivity in overweight African American and white children (Nguyen et al). 2001;138:474-80

Hyperplasia
Nodular Leydig cell hyperplasia in a boy with familial male-limited precocious puberty (Leschek et al). 2001;138:949-51 (CLO)

Hypersensitivity
The effect of allergy management on growth and development of allergic children (Daines and Hershey). 2001;138:925 (50 years ago)

Hypertension
Glucocorticoid-remediable aldosteronism is associated with severe hypertension in early childhood (Dluhy et al). 2001;138:715-20
Molecular characterization of a pediatric pheochromocytoma with suspected bilateral disease (Mircescu et al). 2001;138:269-73 (CLO)
Weight loss, hypertension, weakness, and limb pain in an 11-year-old boy (Shih and Gartner). 2001;138:566-9 (Grand rounds)

Hypertrophy
Mandibular frenulum as a sign of infantile hypertrophic pyloric stenosis (Jenista) (Letter); (De Felice et al) (Reply). 2001;138:447

Hyperthyroidism
Treatment of hyperthyroidism with radioactive iodine (Schwartz). 2001;138:377 (50 years ago)

Hyperventilation
The relation between hyperventilation and pediatric syncope (Martinón-Torres et al). 2001;138:894-7

Hypnotics and sedatives
Effect of jaw-thrust and continuous positive airway pressure on tidal breathing in deeply sedated infants (Hammer et al). 2001;138:826-30
Why we need sedation guidelines (Coté). 2001;138:447-8 (Letter)

Hypoglycemia
Fasting hypoglycemia is common during maintenance therapy for childhood acute lymphoblastic leukemia (Halonen et al). 2001;138:428-31 (CLO)
Protein-sensitive and fasting hypoglycemia in children with the hyperinsulinism/hyperammonemia syndrome (Hsu et al). 2001;138:383-9

Hyponatremia
Hyponatremia and polyuria in children with central diabetes insipidus: challenges in diagnosis and management (Ferry et al). 2001;138:744-7 (CLO)

Hypoparathyroidism
Hypoparathyroidism and intracranial calcifications in β-thalassemia major (Zafeiriou et al). 2001;138:411 (Insights)

Hypoplasia
Aortic atresia with hypoplasia of the left heart and aortic arch (Strauss). 2001;138:504 (50 years ago)

Hypophosphatemic rickets; *see* Rickets

Hypoxemia; *see* Anoxemia

Hypoxia; *see* Anoxia

I

IgA
Detection of IgA and IgG but not IgE antibody to respiratory syncytial virus in nasal washes and sera from infants with wheezing (de Alarcon et al). 2001;138:311-7

IgE
Detection of IgA and IgG but not IgE antibody to respiratory syncytial virus in nasal washes and sera from infants with wheezing (de Alarcon et al). 2001;138:311-7

IgG
Detection of IgA and IgG but not IgE antibody to respiratory syncytial virus in nasal washes and sera from infants with wheezing (de Alarcon et al). 2001;138:311-7

IgM
Lymphocytic interstitial pneumonitis, elevated IgM concentration, and hepatosplenomegaly in ataxia-telangiectasia (Tangsinmankong et al). 2001;138:939-41 (CLO)

Illicit drugs; *see* Street drugs

Illness severity; *see* Severity of illness index

Immunoglobulins
Current efficacy of postexposure prophylaxis against measles with immunoglobulin (Endo et al). 2001;138:926-8 (CLO)

Immunoglobulins, intravenous
On the conservative management of acute immune thrombocytopenia in children (Tarantino) (Letter); (Dickerhoff and von Ruecker) (Reply). 2001;138:787-8

Immunomodulators; *see* Adjuvants, immunologic

Impetigo
Acute glomerulonephritis: impetigo as an etiological factor (Stapleton). 2001;138:531 (50 years ago)

Indomethacin
Early versus late indomethacin treatment for patent ductus arteriosus in premature infants with respiratory distress syndrome (Van Overmeire et al). 2001;138:205-11

Infant
Continuous enteral feeding impairs gallbladder emptying in infants (Jawaheer et al). 2001;138:822-5
Detection of IgA and IgG but not IgE antibody to respiratory syncytial virus in nasal washes and sera from infants with wheezing (de Alarcon et al). 2001;138:311-7
Effect of zinc supplementation on development and growth of Chilean infants (Castillo-Durán et al). 2001;138:229-35
Efficacy of *Lactobacillus* GG in prevention of nosocomial diarrhea in infants (Szajewska et al). 2001;138:361-5
Excitatory amino acid concentrations in ventricular cerebrospinal fluid after severe traumatic brain injury in infants and children: the role of child abuse (Ruppel et al). 2001;138:1825
Infants with colic have a normal sleep structure at 2 and 7 months of age (Kirjavainen et al). 2001;138:218-23
Iron supplementation of breast-fed Honduran and Swedish infants from 4 to 9 months of age (Domellöf et al). 2001;138:679-87
Maternal postpartum behaviors and mother-infant relationship during the first year of life (Britton et al). 2001;138:905-9
Ophthalmic drops causing coma in an infant (Berlin et al). 2001;138:441-3 (CLO)
Platelet-activating factor in infants at risk for necrotizing enterocolitis (Rabinowitz et al). 2001;138:81-6
The relationship between infant feeding experience and later behavior (Accardo). 2001;138:249 (50 years ago)
Sleep position and the use of soft bedding during bed sharing among African American infants at increased risk for sudden infant death syndrome (Flick et al). 2001;138:338-43
Term infants with fetal growth restriction are not at increased risk for low intelligence scores at age 17 years (Paz et al). 2001;138:87-91
Treatment of pediatric traumatic brain injury: a broad path to a narrow gate (Glass). 2001;138:1-3 (Editorial)

Infant, diseases
Calcinosis cutis as a complication of parenteral calcium gluconate therapy (Soon et al). 2001;138:778 (Insights)
Echocardiographic outcome of infants treated as newborns with inhaled nitric oxide for severe hypoxemic respiratory failure (Torielli et al). 2001;138:349-54
Effect of jaw-thrust and continuous positive airway pressure on tidal breathing in deeply sedated infants (Hammer et al). 2001;138:826-30
In vivo evidence of brain galactitol accumulation in an infant with galactosemia and encephalopathy (Berry et al). 2001;138:260-2 (CLO)
Mercury toxicity (Aschner) (Letter); (Pless and Risher) (Reply). 2001;138:450-1
Neurologic examination in infants with hypoxic-ischemic encephalopathy at age 9 to 14 months: use of optimality scores and correlation with magnetic resonance imaging findings (Haataja et al). 2001;138:332-7
Reduced osmolarity oral rehydration solution for persistent diarrhea in infants: a randomized controlled clinical trial (Sarker et al). 2001;138:532-8
Religious/cultural causes of vitamin D deficiency in infants (Seeler) (Letter); (Kreiter and Schwartz) (Reply). 2001;138:954

Infant, low birth weight
A competing risk model of sudden infant death syndrome incidence in two US birth cohorts (Pollack and Frohna). 2001;138:661-7
Thymic size and chorioamnionitis in very low birth weight infants (Manzar) (Letter); (De Felice and Toti) (Reply). 2001;138:296-7

Infant, newborn
Disproportionate alterations in body composition of large for gestational age neonates (Hammami et al). 2001;138:817-21
Do we measure the right end points? A systematic review of primary outcomes in recent neonatal randomized clinical trials (Zhang and Schmidt). 2001;138:76-80
Effect of thimerosal recommendations on hospitals' neonatal hepatitis B vaccination policies (Brayden et al). 2001;138:752-5 (CLO)
Efficacy of automated auditory brainstem response hearing screening in very preterm newborns (van Straaten et al). 2001;138:674-8
Evaluation of primary hemostasis in neonates with a new in vitro platelet function analyzer (Israels et al). 2001;138:116-9 (CLO)
The Neonatal Inhaled Nitric Oxide Study (Koh et al) (Letter); (Finer and Neonatal Inhaled Nitric Oxide Study Group) (Reply). 2001;138:300
Upper cervical spinal cord injury in neonates: the use of magnetic resonance imaging (Mills et al). 2001;138:105-8 (CLO)

Infant, newborn, diseases
Administration of recombinant granulocyte colony-stimulating factor to neonates with septicemia: a meta-analysis (Bernstein et al). 2001;138:917-20 (CLO)
Anti-HPA-3A induces severe neonatal alloimmune thrombocytopenia (Glade-Bender et al). 2001;138:862-7
The association of Apgar score with subsequent death and cerebral palsy: a population-based study in term infants (Moster et al). 2001;138:798-803
The association between respiratory viruses and symptoms in 2-week-old infants at high risk for asthma and allergy (Hegele et al). 2001;138:831-7
Cerebral palsy in term infants—birth or before birth? (Paneth). 2001;138:791-2 (Editorial)
Congenital abnormalities among children with cerebral palsy: more evidence for prenatal antecedents (Croen et al). 2001;138:804-10
Consensus statement from a Conference for the Management of Patients with Urea Cycle Disorders (Urea Cycle Disorders Conference Group). 2001;138:S1-5
Current strategies for the management of neonatal urea cycle disorders (Summar). 2001;138:S30-9
Death as a complication of peripherally inserted central catheters in neonates (Nadroo et al). 2001;138:599-601 (CLO)
Early neonatal brain injury in histologic chorioamnionitis (De Felice et al). 2001;138:101-4 (CLO)
Echocardiographic outcome of infants treated as newborns with inhaled nitric oxide for severe hypoxemic respiratory failure (Torielli et al). 2001;138:349-54
Erythema multiforme as a manifestation of neonatal septicemia (Stoll and Spraker). 2001;138:592 (50 years ago)
Fetal alcohol syndrome: when the end does not justify the means (Abel) (Letter); (Jones) (Reply). 2001;138:295-6
Infantile hypertrophic pyloric stenosis and asymptomatic joint hypermobility (De Felice et al). 2001;138:596-8 (CLO)
Leukocytosis caused by prostaglandin E_1 in neonates (Arav-Boger et al). 2001;138:263-5 (CLO)
Mandibular frenulum as a sign of infantile hypertrophic pyloric stenosis (Jenista) (Letter); (De Felice et al) (Reply). 2001;138:447
Neonatal diabetes mellitus, enteropathy, thrombocytopenia, and endocrinopathy: further evidence for an X-linked lethal syndrome (Levy-Lahad and Wildin). 2001;138:577-80 (CLO)
Neonatal tracheal obstruction: a mysterious mass that vanished (Makhoul et al). 2001;138:910 (Insights)
Possible clinical and histologic manifestations of adult-onset type II citrullinemia in early infancy (Tomomasa et al). 2001;138:741-3 (CLO)
SNAP-II and SNAPPE-II: simplified newborn illness severity and mortality risk scores (Richardson et al). 2001;138:92-100
Variations in intraventricular hemorrhage incidence rates among Canadian neonatal intensive care units (Synnes et al). 2001;138:525-31

Infant, premature
Efficacy of automated auditory brainstem response hearing screening in very preterm newborns (van Straaten et al). 2001;138:674-8
Fiberoptic and conventional phototherapy effects on the skin of premature infants (Dani et al). 2001;138:438-40 (CLO)
Gastroesophageal reflux medications in the treatment of apnea in premature infants (Kimball and Carlton). 2001;138:355-60
Impact of family structure and stability on academic outcome in preterm children at 10 years of age (Gross et al). 2001;138:169-75
Lactose in formulas for preterm infants (Kien) (Letter); (Griffin and Hansen) (Reply). 2001;138:148-9
A longitudinal study of salivary sialic acid in preterm infants: comparison of human milk-fed versus formula-fed infants (Wang et al). 2001;138:914-6 (CLO)
Predictors of outcomes in preterm infants: which ones and when? (Jobe). 2001;138:153-6 (Editorial)

Risk for birth defects among premature infants: a population-based study (Rasmussen et al). 2001;138:668-73
Risks and benefits of steroids in preterm infants (Doyle et al) (Letter); (Finer and Vaucher) (Reply); (Jobe) (Reply). 2001;138:784-6

Infant, premature, diseases
Antenatal glucocorticoid treatment does not reduce chronic lung disease among surviving preterm infants (Van Marter et al). 2001;138:198-204
Early versus late indomethacin treatment for patent ductus arteriosus in premature infants with respiratory distress syndrome (Van Overmeire et al). 2001;138:205-11
Initial neutrophil concentration and illness severity in premature infants (Wardle) (Letter); (Carlton) (Reply). 2001;138:298-9
Methylene blue in the treatment of methemoglobinemia in premature infants caused by marking ink (Buchanan). 2001;138:204 (50 years ago)
Retrolental fibroplasia. Clinical statistics from the Premature Center of the Charity Hospital of Louisiana at New Orleans (Phelps). 2001;138:108 (50 years ago)
Parental wishes and poor outcomes in preterm infants (Koh) (Letter); (Vohr) (Reply). 2001;138:954-5

Infant care
Possible mechanisms of pacifier protection against SIDS (Cozzi and Morini) (Letter); (Kahn et al) (Reply). 2001;138:783-4
Skin-to-skin (kangaroo) care, respiratory control, and thermoregulation (Bohnhorst et al). 2001;138:193-7

Infant food
Hypoallergenicity and efficacy of an amino acid-based formula in children with cow's milk and multiple food hypersensitivities (Sicherer et al). 2001;138:688-93
Lactose in formulas for preterm infants (Kien) (Letter); (Griffin and Hansen) (Reply). 2001;138:148-9
A longitudinal study of salivary sialic acid in preterm infants: comparison of human milk-fed versus formula-fed infants (Wang et al). 2001;138:914-6 (CLO)

Infant mortality
The association of Apgar score with subsequent death and cerebral palsy: a population-based study in term infants (Moster et al). 2001;138:798-803
Cerebral palsy in term infants—birth or before birth? (Paneth). 2001;138:791-2 (Editorial)
Death as a complication of peripherally inserted central catheters in neonates (Nadroo et al). 2001;138:599-601 (CLO)
Parental wishes and poor outcomes in preterm infants (Koh) (Letter); (Vohr) (Reply). 2001;138:954-5
SNAP-II and SNAPPE-II: simplified newborn illness severity and mortality risk scores (Richardson et al). 2001;138:92-100

Infection
Clinical outcome after early *Pseudomonas aeruginosa* infection in cystic fibrosis (Nixon et al). 2001;138:699-704
A prevalence study of hepatitis A virus infection in a migrant community: is hepatitis A vaccine indicated? (Dentinger et al). 2001;138:705-9

Inflammatory linear verrucous epidermal nevus; *see* Skin diseases

Influenza vaccine
Does influenza vaccination prevent asthma exacerbations in children? (Kramarz et al). 2001;138:306-10
Influenza vaccine in children with asthma: why no progress? (Neuzil). 2001;138:301-3 (Editorial)

Inhaled administration; *see* Administration, inhalation

Injections, intravenous
A randomized, double-blind, placebo-controlled trial of single-dose intravenous secretin as treatment for children with autism (Coniglio et al). 2001;138:649-55

Ink
Methylene blue in the treatment of methemoglobinemia in premature infants caused by marking ink (Buchanan). 2001;138:204 (50 years ago)

Innominate artery; *see* Brachiocephalic trunk

Insights
Insights. 2001;138:146, 294, 411, 605, 608, 778, 910, 952

Insulin
First-phase insulin release during the intravenous glucose tolerance test as a risk factor for type 1 diabetes (Chase et al). 2001;138:244-9
Relation of acanthosis nigricans to hyperinsulinemia and insulin sensitivity in overweight African American and white children (Nguyen et al). 2001;138:474-80

Insulin resistance
Adiposity in childhood predicts obesity and insulin resistance in young adulthood (Steinberger et al). 2001;138:469-73
Overweight and precursors of type 2 diabetes mellitus in children and adolescents (Dietz). 2001;138:453-4 (Editorial)
When a child can't clean her neck (Yanovski and Arioglu). 2001;138:608 (Insights)

Intelligence tests
Term infants with fetal growth restriction are not at increased risk for low intelligence scores at age 17 years (Paz et al). 2001;138:87-91

Intensive care, neonatal
Variations in intraventricular hemorrhage incidence rates among Canadian neonatal intensive care units (Synnes et al). 2001;138:525-31

Interstitial lung disease; *see* Pulmonary fibrosis

Intestinal polyps
Gastrointestinal polyps in children: advances in molecular genetics, diagnosis, and management (Corredor et al). 2001;138:621-8

Intracranium; *see* Brain

Intravenous glucose tolerance test; *see* Glucose tolerance test

Iodine, radioactive
Treatment of hyperthyroidism with radioactive iodine (Schwartz). 2001;138:377 (50 years ago)

Ipratropium
Ipratropium bromide plus nebulized albuterol for the treatment of hospitalized children with acute asthma (Craven et al). 2001;138:51-8

Iron
Iron supplementation of breast-fed Honduran and Swedish infants from 4 to 9 months of age (Domellöf et al). 2001;138:679-87

Irritable bowel syndrome; *see* Colonic diseases, functional

Ischemia
Neurologic examination in infants with hypoxic-ischemic encephalopathy at age 9 to 14 months: use of optimality scores and correlation with magnetic resonance imaging findings (Haataja et al). 2001;138:332-7

Italy
Group A streptococcal infections and tic disorders in an Italian pediatric population (Cardona and Orefici). 2001;138:71-5

J

Jamaica
Invasive pneumococcal disease in homozygous sickle cell disease: Jamaican experience 1973-1997 (Knight-Madden and Serjeant). 2001;138:65-70

Japan
KL-6 is a potential marker for interstitial lung disease associated with juvenile dermatomyositis (Kobayashi et al). 2001;138:274-6 (CLO)

Jaw
Effect of jaw-thrust and continuous positive airway pressure on tidal breathing in deeply sedated infants (Hammer et al). 2001;138:826-30

Joint instability
Changes in frequency and severity of limited joint mobility in children with type 1 diabetes mellitus between 1976-78 and 1998 (Infante et al). 2001;138:33-7
Infantile hypertrophic pyloric stenosis and asymptomatic joint hypermobility (De Felice et al). 2001;138:596-8 (CLO)

Juvenile diabetes; *see* Diabetes mellitus, insulin-dependent

K

Kasabach-Merritt syndrome
Early surgical intervention in a patient with Kasabach-Merritt phenomenon (Drolet et al). 2001;138:756-8 (CLO)

Kasai operation; *see* Enterostomy

Kawasaki disease; *see* Mucocutaneous lymph node syndrome

Ketogenic diet; *see* Diet
Kidney diseases
Germline Wilms tumor suppressor gene (*WT1*) mutation leading to isolated genital malformation without Wilms tumor or nephropathy (Köhler et al). 2001;138:421-4 (CLO)
Isolated diffuse mesangial sclerosis and Wilms tumor suppressor gene (Ito et al). 2001;138:425-7 (CLO)
Long-term treatment with growth hormone in short children with nephropathic cystinosis (Wühl et al). 2001;138:880-7
Moyamoya disease complicated with renal artery stenosis and nephrotic syndrome: reversal of nephrotic syndrome after nephrectomy (Kuwayama et al). 2001;138:418-20 (CLO)
Unilateral vesicoureteric reflux: low prevalence of contralateral renal damage (Polito et al). 2001;138:875-9
Kidney failure, chronic
Identification of poor responders to erythropoietin among children undergoing hemodialysis (Seeherunvong et al). 2001;138:710-4
Kidney neoplasms
Molecular characterization of a pediatric pheochromocytoma with suspected bilateral disease (Mircescu et al). 2001;138:269-73 (CLO)
Kidney osteodystrophy
Advances in pediatric nephrology: "The serenity to accept the things we cannot change" versus the courage to try (Stapleton). 2001;138:606-7 (Advances in pediatrics)
Kidney transplantation
Advances in pediatric nephrology: "The serenity to accept the things we cannot change" versus the courage to try (Stapleton). 2001;138:606-7 (Advances in pediatrics)
En bloc heterotopic auxiliary liver and bilateral renal transplant in a patient with homozygous protein C deficiency (Angelis et al). 2001;138:120-2 (CLO)
KL-6; *see* Proteins

L

Laboratory diagnosis; *see* Diagnosis, laboratory
Lactobacillus
Efficacy of *Lactobacillus* GG in prevention of nosocomial diarrhea in infants (Szajewska et al). 2001;138:361-5
Lactose
Lactose in formulas for preterm infants (Kien) (Letter); (Griffin and Hansen) (Reply). 2001;138:148-9
Langerhans' cell histiocytosis
see Histiocytosis, Langerhans' cell
Learning
Children's school performance is not impaired by short-term administration of diphenhydramine or loratadine (Bender et al). 2001;138:656-60
Leg
Cavernous lymphangioma (Ng et al). 2001;138:146 (Insights)
Letters
Letters. 2001;138:147-52, 295-300, 447-52, 609-14, 783-8, 953-6
Leukemia
Thymectomy and ACTH in lymphatic leukemia (Buchanan). 2001;138:254 (50 years ago)
Leukemia, lymphocytic, acute
Fasting hypoglycemia is common during maintenance therapy for childhood acute lymphoblastic leukemia (Halonen et al). 2001;138:428-31 (CLO)
Macrophage activation syndrome, the first sign of acute lymphoblastic leukemia in children? (Matsumoto et al). 2001;138:953 (Letter)
Normal bone mineral density after treatment for childhood acute lymphoblastic leukemia diagnosed between 1991 and 1998 (Kadan-Lottick et al). 2001;138:898-904
Leukocytosis
Leukocytosis caused by prostaglandin E_1 in neonates (Arav-Boger et al). 2001;138:263-5 (CLO)
Leydig cells
Nodular Leydig cell hyperplasia in a boy with familial male-limited precocious puberty (Leschek et al). 2001;138:949-51 (CLO)
Lip
The prevalence of upper lip hair in black and white girls during puberty: a new standard (Lucky et al). 2001;138:134-6 (CLO)
Liver diseases
Hepatic storage of glycogen in Niemann-Pick disease type B (Smith et al). 2001;138:946-8 (CLO)
Infantile cholestatic jaundice associated with adult-onset type II citrullinemia (Tazawa et al). 2001;138:735-40 (CLO)
Is the Kasai operation still indicated in children older than 3 months diagnosed with biliary atresia? (Chardot et al). 2001;138:224-8
Lymphocytic interstitial pneumonitis, elevated IgM concentration, and hepatosplenomegaly in ataxia-telangiectasia (Tangsinmankong et al). 2001;138:939-41 (CLO)
A new variant neuropathic type of Gaucher's disease characterized by hydrocephalus, corneal opacities, deformed toes, and fibrous thickening of spleen and liver capsules (Inui et al). 2001;138:137-9 (CLO)
Possible clinical and histologic manifestations of adult-onset type II citrullinemia in early infancy (Tomomasa et al). 2001;138:741-3 (CLO)
Liver failure
Mitochondrial DNA depletion, near-fatal metabolic acidosis, and liver failure in an HIV-infected child treated with combination antiretroviral therapy (Church et al). 2001;138:748-51 (CLO)
Liver neoplasms
Hepatic hemangioendothelioma associated with production of humoral thyrotropin-like factor (Ayling et al). 2001;138:932-5 (CLO)
Liver transplantation
Alternative pathway therapy for urea cycle disorders: twenty years later (Batshaw et al). 2001;138:S46-55
Auxiliary liver transplantation for toxic mushroom poisoning (Rosenthal) (Letter); (Pomerance et al) (Reply). 2001;138:449-50
Catch-up growth after pediatric liver transplantation (Zamora) (Letter); (Bartosh) (Reply). 2001;138:297-8
En bloc heterotopic auxiliary liver and bilateral renal transplant in a patient with homozygous protein C deficiency (Angelis et al). 2001;138:120-2 (CLO)
Long-term correction of urea cycle disorders (Lee and Goss). 2001;138:S62-71
Primary human herpesvirus 6 infection in liver transplant recipients (Yoshikawa et al). 2001;138:921-5 (CLO)
Successful living-donor liver transplantation from an asymptomatic carrier mother in ornithine transcarbamylase deficiency (Nagasaka et al). 2001;138:432-4 (CLO)
Living donors; *see* Tissue donors
Loratadine
Children's school performance is not impaired by short-term administration of diphenhydramine or loratadine (Bender et al). 2001;138:656-60
Lower limbs; *see* Extremities
Lung diseases
Antenatal glucocorticoid treatment does not reduce chronic lung disease among surviving preterm infants (Van Marter et al). 2001;138:198-204
KL-6 is a potential marker for interstitial lung disease associated with juvenile dermatomyositis (Kobayashi et al). 2001;138:274-6 (CLO)
Partial splenic embolization in lymphangiomatosis (Bader-Meunier et al). 2001;138:613-4 (Letter)
The role of lung biopsy in deteriorating lung disease with unfavorable evolution (Bousso et al). 2001;138:786-7 (Letter)
Lung neoplasms
Conference at Raymond Blank Memorial Hospital for Children, Des Moines, Iowa (Buchino). 2001;138:655 (50 years ago)
Lyme disease
Lyme disease vaccine as a strategy for prevention (Sood) (Letter); (Feder) (Reply); (Sigal) (Reply). 2001;138:609-10
Lymphangioma
Cavernous lymphangioma (Ng et al). 2001;138:146 (Insights)
Lymphangiomatosis
Partial splenic embolization in lymphangiomatosis (Bader-Meunier et al). 2001;138:613-4 (Letter)
Lymphocytes
Colonic CD8 and γδT-cell infiltration with epithelial damage in children with autism (Furlano et al). 2001;138:366-72

M

Macrophage activation
Macrophage activation syndrome, the first sign of acute lymphoblastic leukemia in children? (Matsumoto et al). 2001;138:953 (Letter)
Magnetic resonance imaging
Neurologic examination in infants with hypoxic-ischemic encephalopathy at age 9 to 14 months: use of optimality scores and correlation with magnetic resonance imaging findings (Haataja et al). 2001;138:332-7
Upper cervical spinal cord injury in neonates: the use of magnetic resonance imaging (Mills et al). 2001;138:105-8 (CLO)
Male
Deflazacort treatment of Duchenne muscular dystrophy (Biggar et al). 2001;138:45-50
Mammary gland; *see* Breast
Managed care programs
Consistency of care with national guidelines for children with asthma in managed care (Diette et al). 2001;138:59-64
Mandible
Mandibular frenulum as a sign of infantile hypertrophic pyloric stenosis (Jenista) (Letter); (De Felice et al) (Reply). 2001;138:447
Maternal age
Rickets in Nigerian children (Özsoylu) (Letter); (Fischer et al) (Reply). 2001;138:955-6
Maternal behavior
Estimates of illicit drug use during pregnancy by maternal interview, hair analysis, and meconium analysis (Ostrea et al). 2001;138:344-8
Maternal postpartum behaviors and mother-infant relationship during the first year of life (Britton et al). 2001;138:905-9
Maternal-fetal exchange
Are there neurologic correlates of in utero cocaine exposure at age 6 years? (Hurt et al). 2001;138:911-3 (CLO)
Measles
Current efficacy of postexposure prophylaxis against measles with immunoglobulin (Endo et al). 2001;138:926-8 (CLO)
Measles vaccine
Risk of Guillain-Barré syndrome after measles-mumps-rubella vaccination (Patja et al). 2001;138:250-4
Meconium
Estimates of illicit drug use during pregnancy by maternal interview, hair analysis, and meconium analysis (Ostrea et al). 2001;138:344-8
Meconium aspiration
Surfactant and surfactant inhibitors in meconium aspiration syndrome (Dargaville et al). 2001;138:113-5 (CLO)
Medications; *see* Drugs
MEDLINE
Do we measure the right end points? A systematic review of primary outcomes in recent neonatal randomized clinical trials (Zhang and Schmidt). 2001;138:76-80
Medullary injury; *see* Brain injuries
Melanoma
Typical halo nevi in childhood: is a biopsy necessary? (Lai et al). 2001;138:283-4 (CLO)
Men
Nodular Leydig cell hyperplasia in a boy with familial male-limited precocious puberty (Leschek et al). 2001;138:949-51 (CLO)
Menarche
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8 (Editorial)
Impact of timing of pubertal maturation on growth in black and white female adolescents: the National Heart, Lung, and Blood Institute Growth and Health Study (Biro et al). 2001;138:636-43
Precocious sexual development: a study of thirty cases (Schwartz). 2001;138:492 (50 years ago)
Menorrhagia
Bleeding disorders: a common cause of menorrhagia in adolescents (Bevan et al). 2001;138:856-61
Mental retardation
Bone marrow transplantation for aspartylglucosaminuria: follow-up study of transplanted and non-transplanted patients (Arvio et al). 2001;138:288-90 (CLO)
Mercaptopurine
Fasting hypoglycemia is common during maintenance therapy for childhood acute lymphoblastic leukemia (Halonen et al). 2001;138:428-31 (CLO)
Mercury poisoning
Mercury toxicity (Aschner) (Letter); (Pless and Risher) (Reply). 2001;138:450-1
Metabolic acidosis; *see* Acidosis
Metabolic diseases
Early metabolic abnormalities in adolescent girls with polycystic ovarian syndrome (Lewy et al). 2001;138:38-44
Metabolism
Effect of growth hormone treatment on final height, phosphate metabolism, and bone mineral density in children with X-linked hypophosphatemic rickets (Baroncelli et al). 2001;138:236-43
Metastasis; *see* Neoplasm metastasis
Methemoglobinemia
Methylene blue in the treatment of methemoglobinemia in premature infants caused by marking ink (Buchanan). 2001;138:204 (50 years ago)
Methotrexate
Fasting hypoglycemia is common during maintenance therapy for childhood acute lymphoblastic leukemia (Halonen et al). 2001;138:428-31 (CLO)
Methylene blue
Methylene blue in the treatment of methemoglobinemia in premature infants caused by marking ink (Buchanan). 2001;138:204 (50 years ago)
Methylmercury compounds
Mercury toxicity (Aschner) (Letter); (Pless and Risher) (Reply). 2001;138:450-1
Methylphenidate
What's all the fuss about Ritalin? (Accardo and Blondis). 2001;138:6-9 (Invited commentary)
Microcephaly
Celiac disease presenting with microcephaly (Bostwick et al). 2001;138:589-92 (CLO)
Migraine
Comorbidity of other pains in schoolchildren with migraine or nonmigrainous headache (Anttila et al). 2001;138:176-80
Understanding the nature of multiple pains in children (Alfvén). 2001;138:156-8 (Editorial)
Migrants; *see* Transients and migrants
Milk
Hypoallergenicity and efficacy of an amino acid-based formula in children with cow's milk and multiple food hypersensitivities (Sicherer et al). 2001;138:688-93
Milk, human
Abundant human β-defensin-1 expression in milk and mammary gland epithelium (Jia et al). 2001;138:109-12 (CLO)
A longitudinal study of salivary sialic acid in preterm infants: comparison of human milk-fed versus formula-fed infants (Wang et al). 2001;138:914-6 (CLO)
Mitochondria
Molecular prenatal diagnosis in families with fetal mitochondrial trifunctional protein mutations (Ibdah et al). 2001;138:396-9
Mitochondrial DNA; *see* DNA, mitochondrial
Molecular genetics; *see* Genetics, biochemical
Montelukast
Montelukast added to budesonide in children with persistent asthma: a randomized, double-blind, crossover study (Simons et al). 2001;138:694-8
Morbid obesity; *see* Obesity, morbid
Mortality, infant; *see* Infant mortality
Mother-child relations
Maternal postpartum behaviors and mother-infant relationship during the first year of life (Britton et al). 2001;138:905-9

Mouth neoplasms
The oral cavity in Crohn's disease (Pittock et al). 2001;138:767-71 (CLO)
Moyamoya disease
Moyamoya disease complicated with renal artery stenosis and nephrotic syndrome: reversal of nephrotic syndrome after nephrectomy (Kuwayama et al). 2001;138:418-20 (CLO)
Mucocutaneous lymph node syndrome
Cardiovascular risk factors after Kawasaki disease: a case-control study (e Silva et al). 2001;138:400-5
Mucus
Detection of IgA and IgG but not IgE antibody to respiratory syncytial virus in nasal washes and sera from infants with wheezing (de Alarcon et al). 2001;138:311-7
Mumps vaccine
Risk of Guillain-Barré syndrome after measles-mumps-rubella vaccination (Patja et al). 2001;138:250-4
Muscles
Deflazacort treatment of Duchenne muscular dystrophy (Biggar et al). 2001;138:45-50
Muscular atrophy
Weight loss, hypertension, weakness, and limb pain in an 11-year-old boy (Shih and Gartner). 2001;138:566-9 (Grand rounds)
Muscular dystrophy
Deflazacort treatment of Duchenne muscular dystrophy (Biggar et al). 2001;138:45-50
Mushroom poisoning
Auxiliary liver transplantation for toxic mushroom poisoning (Rosenthal) (Letter); (Pomerance et al) (Reply). 2001;138:449-50
Mutation
Germline Wilms tumor suppressor gene (*WT1*) mutation leading to isolated genital malformation without Wilms tumor or nephropathy (Köhler et al). 2001;138:421-4 (CLO)
Incidence of familial Mediterranean fever (FMF) mutations among children of Mediterranean extraction with functional abdominal pain (Brik et al). 2001;138:759-62 (CLO)
Major hereditary ectodermal dysplasia (Fernhoff). 2001;138:324 (50 years ago)
Molecular prenatal diagnosis in families with fetal mitochondrial trifunctional protein mutations (Ibdah et al). 2001;138:396-9
Ornithine transcarbamylase deficiency and pancreatitis (Anadiotis et al). 2001;138:123-4 (CLO)

N

Nasal administration; *see* Administration, intranasal
Nasal washes; *see* Mucus
National Heart, Lung, and Blood Institute Growth and Health Study
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8 (Editorial)
Impact of timing of pubertal maturation on growth in black and white female adolescents: the National Heart, Lung, and Blood Institute Growth and Health Study (Biro et al). 2001;138:636-43
Nebulizers and vaporizers
Ipratropium bromide plus nebulized albuterol for the treatment of hospitalized children with acute asthma (Craven et al). 2001;138:51-8
Neck
When a child can't clean her neck (Yanovski and Arioglu). 2001;138:608 (Insights)
Necrotizing enterocolitis; *see* Enterocolitis, pseudomembranous
Neonatal Inhaled Nitric Oxide Study
The Neonatal Inhaled Nitric Oxide Study (Koh et al) (Letter); (Finer and Neonatal Inhaled Nitric Oxide Study Group) (Reply). 2001;138:300
Neonatal intensive care; *see* Intensive care, neonatal
Neonatal screening
Carnitine transporter defect diagnosed by newborn screening with electrospray tandem mass spectrometry (Wilcken et al). 2001;138:581-4 (CLO)
Efficacy of automated auditory brainstem response hearing screening in very preterm newborns (van Straaten et al). 2001;138:674-8
SNAP-II and SNAPPE-II: simplified newborn illness severity and mortality risk scores (Richardson et al). 2001;138:92-100
Neonate; *see* Infant, newborn
Neoplasm metastasis
Neuroblastoma sympatheticum with metastasis (Buchino). 2001;138:360 (50 years ago)
Neoplasms
Catheter-related thrombosis in children with cancer (Glaser et al). 2001;138:255-9
Neoplasms, vascular tissue
Early surgical intervention in a patient with Kasabach-Merritt phenomenon (Drolet et al). 2001;138:756-8 (CLO)
Nephrectomy
Moyamoya disease complicated with renal artery stenosis and nephrotic syndrome: reversal of nephrotic syndrome after nephrectomy (Kuwayama et al). 2001;138:418-20 (CLO)
Nephrology
Advances in pediatric nephrology: "The serenity to accept the things we cannot change" versus the courage to try (Stapleton). 2001;138:606-7 (Advances in pediatrics)
Nephropathy
Germline Wilms tumor suppressor gene (*WT1*) mutation leading to isolated genital malformation without Wilms tumor or nephropathy (Köhler et al). 2001;138:421-4 (CLO)
Nephrotic syndrome
Moyamoya disease complicated with renal artery stenosis and nephrotic syndrome: reversal of nephrotic syndrome after nephrectomy (Kuwayama et al). 2001;138:418-20 (CLO)
Neurodevelopmental outcome; *see* Child development
Neurologic examination
Are there neurologic correlates of in utero cocaine exposure at age 6 years? (Hurt et al). 2001;138:911-3 (CLO)
Neurologic examination in infants with hypoxic-ischemic encephalopathy at age 9 to 14 months: use of optimality scores and correlation with magnetic resonance imaging findings (Haataja et al). 2001;138:332-7
Neuroblastoma
Neuroblastoma sympatheticum with metastasis (Buchino). 2001;138:360 (50 years ago)
Neutrophils
Initial neutrophil concentration and illness severity in premature infants (Wardle) (Letter); (Carlton) (Reply). 2001;138:298-9
Nevus
Inflammatory linear verrucous epidermal nevus and arthritis: a new association (Al-Enezi et al). 2001;138:602-4 (CLO)
New York University Pediatric Heart Failure Index
Grading the graders of congestive heart failure in children (Ross). 2001;138:618-20 (Editorial)
The New York University Pediatric Heart Failure Index: a new method of quantifying chronic heart failure severity in children (Connolly et al). 2001;138:644-8
Newborn infant; *see* Infant, newborn
Niemann-Pick disease
Hepatic storage of glycogen in Niemann-Pick disease type B (Smith et al). 2001;138:946-8 (CLO)
Nigeria
Rickets in Nigerian children (Özsoylu) (Letter); (Fischer et al) (Reply). 2001;138:955-6
Nitric oxide
Echocardiographic outcome of infants treated as newborns with inhaled nitric oxide for severe hypoxemic respiratory failure (Torielli et al). 2001;138:349-54
The Neonatal Inhaled Nitric Oxide Study (Koh et al) (Letter); (Finer and Neonatal Inhaled Nitric Oxide Study Group) (Reply). 2001;138:300
Nobel prize
Nobel laureates (Steeg). 2001;138:151 (Letter)
Non-Communicating Children's Pain Checklist
Measuring pain accurately in children with cognitive impairments: refinement of a caregiver scale (Breau et al). 2001;138:721-7

Nonsteroidal anti-inflammatory agents; *see* Anti-inflammatory agents, non-steroidal
Nosocomial infection; *see* Cross infection
Nutrition
The increasing prevalence of snacking among US children from 1977 to 1996 (Jahns et al). 2001;138:493-8
Nuts
The US Peanut and Tree Nut Allergy Registry: characteristics of reactions in schools and day care (Sicherer et al). 2001;138:560-5

O

Obesity
Adiposity in childhood predicts obesity and insulin resistance in young adulthood (Steinberger et al). 2001;138:469-73
The increasing prevalence of snacking among US children from 1977 to 1996 (Jahns et al). 2001;138:493-8
Overweight and precursors of type 2 diabetes mellitus in children and adolescents (Dietz). 2001;138:453-4 (Editorial)
Proteinuria and focal segmental glomerulosclerosis in severely obese adolescents (Adelman et al). 2001;138:481-5
Yet another target organ of obesity (Welch and Daniels). 2001;138:455-6 (Editorial)
Obesity, morbid
Gastric bypass surgery in adolescents with morbid obesity (Strauss et al). 2001;138:499-504
Obstetrical forceps
Frey's syndrome (Moreno-Arias et al). 2001;138:294 (Insights)
Olanzapine
Diabetic ketoacidosis associated with olanzapine in an adolescent patient (Selva and Scott). 2001;138:936-8 (CLO)
Opthalmic drops; *see* Eye
Oral administration; *see* Administration, oral
Oral cavity neoplasms; *see* Mouth neoplasms
Oral rehydration; *see* Fluid therapy
Ornithine transcarbamylase
Ornithine transcarbamylase deficiency and pancreatitis (Anadiotis et al). 2001;138:123-4 (CLO)
Successful living-donor liver transplantation from an asymptomatic carrier mother in ornithine transcarbamylase deficiency (Nagasaka et al). 2001;138:432-4 (CLO)
Orthostasis
The relation between lower limb pooling and blood flow during orthostasis in the postural orthostatic tachycardia syndrome of adolescents (Stewart and Weldon). 2001;138:512-9
Osmolar concentration
Reduced osmolarity oral rehydration solution for persistent diarrhea in infants: a randomized controlled clinical trial (Sarker et al). 2001;138:532-8
Otitis media
Surfactant protein-A gene locus associated with recurrent otitis media (Rämet et al). 2001;138:266-8 (CLO)
Overweight; *see* Body weight
Oxidoreductases
Acute encephalopathy despite early therapy in a patient with homozygosity for E365K in the glutaryl-coenzyme A dehydrogenase gene (Kölker et al). 2001;138:277-9 (CLO)

P

Pacifiers; *see* Infant care
Pain
Comorbidity of other pains in schoolchildren with migraine or nonmigrainous headache (Anttila et al). 2001;138:176-80
Measuring pain accurately in children with cognitive impairments: refinement of a caregiver scale (Breau et al). 2001;138:721-7
Understanding the nature of multiple pains in children (Alfvén). 2001;138:156-8 (Editorial)
Weight loss, hypertension, weakness, and limb pain in an 11-year-old boy (Shih and Gartner). 2001;138:566-9 (Grand rounds)
Pancreatitis
Ornithine transcarbamylase deficiency and pancreatitis (Anadiotis et al). 2001;138:123-4 (CLO)
Parents
Parental wishes and poor outcomes in preterm infants (Koh) (Letter); (Vohr) (Reply). 2001;138:954-5
Patent ductus arteriosus; *see* Ductus arteriosus, patent
Patient care team
Later status of juvenile diabetics (Schwartz). 2001;138:268 (50 years ago)
Patient compliance
Back to basics: early diagnosis and compliance improve final height outcome in congenital adrenal hyperplasia (Schwartz). 2001;138:3-5 (Editorial)
Compliance with guidelines is not the same as evidence-based medicine (Seidman) (Letter); (Christakis et al) (Reply). 2001;138:299-300
Patient education
A modern concept of breast-feeding (Welch). 2001;138:673 (50 years ago)
Peanuts; *see* Nuts
Pediatrics
Declining pediatric subspecialty training and rising educational debt (Hardie and Jaskiewicz) (Letter); (Stockman) (Reply). 2001;138:149-51
Nobel laureates (Steeg). 2001;138:151 (Letter)
Penis
Precocious sexual development: a study of thirty cases (Schwartz). 2001;138:492 (50 years ago)
Peppermint oil capsules; *see* Capsules
Peptic ulcer
Peptic ulcer disease and current approaches to *Helicobacter pylori* (Hassall). 2001;138:462-8
Pertussis; *see* Whooping cough
pH; *see* Hydrogen-ion concentration
Pharynx
Retropharyngeal abscess: epiglottitis of the new millennium (Lee et al). 2001;138:435-7 (CLO)
Phenylbutyrates
Alternative pathway therapy for urea cycle disorders: twenty years later (Batshaw et al). 2001;138:S46-55
Pheochromocytoma
Molecular characterization of a pediatric pheochromocytoma with suspected bilateral disease (Mircescu et al). 2001;138:269-73 (CLO)
Phosphates
Effect of growth hormone treatment on final height, phosphate metabolism, and bone mineral density in children with X-linked hypophosphatemic rickets (Baroncelli et al). 2001;138:236-43
Phototherapy
Fiberoptic and conventional phototherapy effects on the skin of premature infants (Dani et al). 2001;138:438-40 (CLO)
Physical therapy
Long-term comparative trial of positive expiratory pressure versus oscillating positive expiratory pressure (flutter) physiotherapy in the treatment of cystic fibrosis (McIlwaine et al). 2001;138:845-50
Pituitary gland
Growth hormone deficiency caused by pituitary stalk interruption in Fanconi's anemia (Dupuis-Girod et al). 2001;138:129-33 (CLO)
Plasma
Reduced total plasma homocyst(e)ine in children and adolescents with type 1 diabetes (Wiltshire et al). 2001;138:888-93
Plastic bronchitis; *see* Bronchitis
Platelet-activating factor
Platelet-activating factor in infants at risk for necrotizing enterocolitis (Rabinowitz et al). 2001;138:81-6
Platelet function tests
Evaluation of primary hemostasis in neonates with a new in vitro platelet function analyzer (Israels et al). 2001;138:116-9 (CLO)
Pneumococcal infection
Invasive pneumococcal disease in homozygous sickle cell disease: Jamaican experience 1973-1997 (Knight-Madden and Serjeant). 2001;138:65-70

Poliovirus vaccine
Combination vaccines (Hessel et al) (Letter); (Decker and Edwards) (Reply). 2001;138:613
Polycystic ovary syndrome
Early metabolic abnormalities in adolescent girls with polycystic ovarian syndrome (Lewy et al). 2001;138:38-44
Polyps, colonic; *see* Colonic polyps
Polyradiculoneuritis
Risk of Guillain-Barré syndrome after measles-mumps-rubella vaccination (Patja et al). 2001;138:250-4
Polysomnography
Follow-up of primary snoring in children (Topol and Brooks). 2001;138:291-3 (CLO)
Polyuria
Hyponatremia and polyuria in children with central diabetes insipidus: challenges in diagnosis and management (Ferry et al). 2001;138:744-7 (CLO)
Positive-pressure respiration
Effect of jaw-thrust and continuous positive airway pressure on tidal breathing in deeply sedated infants (Hammer et al). 2001;138:826-30
Long-term comparative trial of positive expiratory pressure versus oscillating positive expiratory pressure (flutter) physiotherapy in the treatment of cystic fibrosis (McIlwaine et al). 2001;138:845-50
Postictal evaluation; *see* Seizures
Postural orthostatic tachycardia syndrome; *see* Tachycardia
Precocious sexual development; *see* Sexual development, precocious
Prednisone
On the conservative management of acute immune thrombocytopenia in children (Tarantino) (Letter); (Dickerhoff and von Ruecker) (Reply). 2001;138:787-8
Pregnancy, drug effects
Estimates of illicit drug use during pregnancy by maternal interview, hair analysis, and meconium analysis (Ostrea et al). 2001;138:344-8
Pregnancy complications
Acute fatty liver of pregnancy associated with short-chain acyl-coenzyme A dehydrogenase deficiency (Matern et al). 2001;138:585-8 (CLO)
Prenatal diagnosis
Molecular prenatal diagnosis in families with fetal mitochondrial trifunctional protein mutations (Ibdah et al). 2001;138:396-9
Preterm infant; *see* Infant, premature
Primary outcome; *see* Treatment outcome
Prone position
The prone sleeping position impairs arousability in term infants (Horne et al). 2001;138:811-6
Sleep, sleep position, and the sudden infant death syndrome: to sleep or not to sleep? That is the question (Thach). 2001;138:793-5 (Editorial)
Prophylaxis
Current efficacy of postexposure prophylaxis against measles with immunoglobulin (Endo et al). 2001;138:926-8 (CLO)
Propofol
Effect of jaw-thrust and continuous positive airway pressure on tidal breathing in deeply sedated infants (Hammer et al). 2001;138:826-30
Prostaglandin E_1; *see* Alprostadil
Protein A; *see* Staphylococcal protein A
Protein C
En bloc heterotopic auxiliary liver and bilateral renal transplant in a patient with homozygous protein C deficiency (Angelis et al). 2001;138:120-2 (CLO)
Proteins
C-reactive protein and body mass index in children: findings from the Third National Health and Nutrition Examination Survey, 1988-1994 (Ford et al). 2001;138:486-92
KL-6 is a potential marker for interstitial lung disease associated with juvenile dermatomyositis (Kobayashi et al). 2001;138:274-6 (CLO)
Molecular prenatal diagnosis in families with fetal mitochondrial trifunctional protein mutations (Ibdah et al). 2001;138:396-9
The nutritional management of urea cycle disorders (Leonard). 2001;138:S40-5
Protein-sensitive and fasting hypoglycemia in children with the hyperinsulinism/hyperammonemia syndrome (Hsu et al). 2001;138:383-9
Proteinuria
Proteinuria and focal segmental glomerulosclerosis in severely obese adolescents (Adelman et al). 2001;138:481-5
Yet another target organ of obesity (Welch and Daniels). 2001;138:455-6 (Editorial)
Pseudomonas aeruginosa
Clinical outcome after early *Pseudomonas aeruginosa* infection in cystic fibrosis (Nixon et al). 2001;138:699-704
Psychosocial support; *see* Social support
Puberty
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8 (Editorial)
Effect of growth hormone treatment on testicular function, puberty, and adrenarche in boys with non-growth hormone-deficient short stature: a randomized, double-blind, placebo-controlled trial (Leschek et al). 2001;138:406-10
Impact of timing of pubertal maturation on growth in black and white female adolescents: the National Heart, Lung, and Blood Institute Growth and Health Study (Biro et al). 2001;138:636-43
Premature thelarche in girls after growth hormone therapy (Carvalho et al) (Letter); (Malozowski) (Reply). 2001;138:448-9
The prevalence of upper lip hair in black and white girls during puberty: a new standard (Lucky et al). 2001;138:134-6 (CLO)
Puberty, precocious
Nodular Leydig cell hyperplasia in a boy with familial male-limited precocious puberty (Leschek et al). 2001;138:949-51 (CLO)
Puerperium
Maternal postpartum behaviors and mother-infant relationship during the first year of life (Britton et al). 2001;138:905-9
Pulmonary fibrosis
KL-6 is a potential marker for interstitial lung disease associated with juvenile dermatomyositis (Kobayashi et al). 2001;138:274-6 (CLO)
Pulmonary function tests; *see* Respiratory function tests
Pulmonary surfactants
Surfactant and surfactant inhibitors in meconium aspiration syndrome (Dargaville et al). 2001;138:113-5 (CLO)
Surfactant protein-A gene locus associated with recurrent otitis media (Rämet et al). 2001;138:266-8 (CLO)
Purpura, thrombocytopenic
On the conservative management of acute immune thrombocytopenia in children (Tarantino) (Letter); (Dickerhoff and von Ruecker) (Reply). 2001;138:787-8
Pyloric stenosis
Infantile hypertrophic pyloric stenosis and asymptomatic joint hypermobility (De Felice et al). 2001;138:596-8 (CLO)
Mandibular frenulum as a sign of infantile hypertrophic pyloric stenosis (Jenista) (Letter); (De Felice et al) (Reply). 2001;138:447
Pyruvate dehydrogenase complex deficiency
Caveats when considering ketogenic diets for the treatment of pyruvate dehydrogenase complex deficiency (Weber et al). 2001;138:390-5

Q

Quality of life
Health-related quality of life in children with celiac disease (Kolsteren et al). 2001;138:593-5 (CLO)

R

Radioactive iodine; *see* Iodine, radioactive
Recurrence
Prospective multicenter study of relapse after treatment for acute asthma among children presenting to the emergency department (Emerman et al). 2001;138:318-24
Renal artery
Moyamoya disease complicated with renal artery stenosis and nephrotic syndrome: reversal of nephrotic syndrome after nephrectomy (Kuwayama et al). 2001;138:418-20 (CLO)

Renal damage; *see* Kidney diseases
Renal transplantation; *see* Kidney transplantation
Respiration
Skin-to-skin (kangaroo) care, respiratory control, and thermoregulation (Bohnhorst et al). 2001;138:193-7
Respiration, artificial
Surfactant and surfactant inhibitors in meconium aspiration syndrome (Dargaville et al). 2001;138:113-5 (CLO)
Respiration disorders
Conference at Raymond Blank Memorial Hospital for Children, Des Moines, Iowa (Buchino). 2001;138:655 (50 years ago)
Respiratory diseases
The association between respiratory viruses and symptoms in 2-week-old infants at high risk for asthma and allergy (Hegele et al). 2001;138:831-7
Respiratory distress syndrome
Early versus late indomethacin treatment for patent ductus arteriosus in premature infants with respiratory distress syndrome (Van Overmeire et al). 2001;138:205-11
Respiratory function tests
Deflazacort treatment of Duchenne muscular dystrophy (Biggar et al). 2001;138:45-50
Spirometer-triggered high-resolution computed tomography and pulmonary function measurements during an acute exacerbation in patients with cystic fibrosis (Robinson et al). 2001;138:553-9
Respiratory insufficiency
Echocardiographic outcome of infants treated as newborns with inhaled nitric oxide for severe hypoxemic respiratory failure (Torielli et al). 2001;138:349-54
Respiratory sounds
Detection of IgA and IgG but not IgE antibody to respiratory syncytial virus in nasal washes and sera from infants with wheezing (de Alarcon et al). 2001;138:311-7
Respiratory syncytial viruses
Detection of IgA and IgG but not IgE antibody to respiratory syncytial virus in nasal washes and sera from infants with wheezing (de Alarcon et al). 2001;138:311-7
Retinopathy of prematurity
Retrolental fibroplasia. Clinical statistics from the Premature Center of the Charity Hospital of Louisiana at New Orleans (Phelps). 2001;138:108 (50 years ago)
Retropharynx; *see* Pharynx
Rh-Hr blood-group system
The role of the Rh factor in the etiology of cerebral palsy (Dammann). 2001;138:758 (50 years ago)
Rheumatic fever
Torsade de pointes in a child with acute rheumatic fever (Liberman et al). 2001;138:280-2 (CLO)
Rickets
Effect of growth hormone treatment on final height, phosphate metabolism, and bone mineral density in children with X-linked hypophosphatemic rickets (Baroncelli et al). 2001;138:236-43
Rickets in Nigerian children (Özsoylu) (Letter); (Fischer et al) (Reply). 2001;138:955-6
Risk factors
Cardiovascular risk factors after Kawasaki disease: a case-control study (e Silva et al). 2001;138:400-5
A competing risk model of sudden infant death syndrome incidence in two US birth cohorts (Pollack and Frohna). 2001;138:661-7
First-phase insulin release during the intravenous glucose tolerance test as a risk factor for type 1 diabetes (Chase et al). 2001;138:244-9
Risk for birth defects among premature infants: a population-based study (Rasmussen et al). 2001;138:668-73
Risks and benefits of steroids in preterm infants (Doyle et al) (Letter); (Finer and Vaucher) (Reply); (Jobe) (Reply). 2001;138:784-6
Ritalin; *see* Methylphenidate
Rubella vaccine
Risk of Guillain-Barré syndrome after measles-mumps-rubella vaccination (Patja et al). 2001;138:250-4

S

Saliva
A longitudinal study of salivary sialic acid in preterm infants: comparison of human milk-fed versus formula-fed infants (Wang et al). 2001;138:914-6 (CLO)
School performance; *see* Learning
Schools
The US Peanut and Tree Nut Allergy Registry: characteristics of reactions in schools and day care (Sicherer et al). 2001;138:560-5
Sclerosis
Isolated diffuse mesangial sclerosis and Wilms tumor suppressor gene (Ito et al). 2001;138:425-7 (CLO)
Screening, newborn; *see* Neonatal screening
Seafood
Mercury toxicity (Aschner) (Letter); (Pless and Risher) (Reply). 2001;138:450-1
Secretin
A randomized, double-blind, placebo-controlled trial of single-dose intravenous secretin as treatment for children with autism (Coniglio et al). 2001;138:649-55
Sedatives; *see* Hypnotics and sedatives
Segmental glomerulosclerosis; *see* Glomerulosclerosis
Seizures
Postictal cerebrospinal fluid abnormalities in children (Wong et al). 2001;138:373-7
Selegiline
L-dopa and selegiline for tyrosine hydroxylase deficiency (Häussler et al). 2001;138:451-2 (Letter)
The treatment of epilepsy by cortical excision (Nordli). 2001;138:693 (50 years ago)
Septicemia
Administration of recombinant granulocyte colony-stimulating factor to neonates with septicemia: a meta-analysis (Bernstein et al). 2001;138:917-20 (CLO)
Erythema multiforme as a manifestation of neonatal septicemia (Stoll and Spraker). 2001;138:592 (50 years ago)
Severity of illness index
Initial neutrophil concentration and illness severity in premature infants (Wardle) (Letter); (Carlton) (Reply). 2001;138:298-9
SNAP-II and SNAPPE-II: simplified newborn illness severity and mortality risk scores (Richardson et al). 2001;138:92-100
Sexual development, precocious
Precocious sexual development: a study of thirty cases (Schwartz). 2001;138:492 (50 years ago)
Short stature; *see* Body height
Sialic acids
A longitudinal study of salivary sialic acid in preterm infants: comparison of human milk-fed versus formula-fed infants (Wang et al). 2001;138:914-6 (CLO)
Sickle cell anemia; *see* Anemia, sickle cell
Skin
Fiberoptic and conventional phototherapy effects on the skin of premature infants (Dani et al). 2001;138:438-40 (CLO)
Skin diseases
Inflammatory linear verrucous epidermal nevus and arthritis: a new association (Al-Enezi et al). 2001;138:602-4 (CLO)
Use of nonsteroidal topical immunomodulators for the treatment of atopic dermatitis in the pediatric population (Paller). 2001;138:163-8
When a child can't clean her neck (Yanovski and Arioglu). 2001;138:608 (Insights)
Skin neoplasms
Cavernous lymphangioma (Ng et al). 2001;138:146 (Insights)
Typical halo nevi in childhood: is a biopsy necessary? (Lai et al). 2001;138:283-4 (CLO)
Skin-to-skin care; *see* Infant care
Sleep
Follow-up of primary snoring in children (Topol and Brooks). 2001;138:291-3 (CLO)

Infants with colic have a normal sleep structure at 2 and 7 months of age (Kirjavainen et al). 2001;138:218-23
The prone sleeping position impairs arousability in term infants (Horne et al). 2001;138:811-6
Sleep, sleep position, and the sudden infant death syndrome: to sleep or not to sleep? That is the question (Thach). 2001;138:793-5 (Editorial)
Sleep position and bed-sharing in sudden infant deaths: an examination of autopsy findings (Thogmartin et al). 2001;138:212-7
Sleep position and the use of soft bedding during bed sharing among African American infants at increased risk for sudden infant death syndrome (Flick et al). 2001;138:338-43

Sleep apnea syndromes
Efficacy of fluticasone nasal spray for pediatric obstructive sleep apnea (Brouillette et al). 2001;138:838-44
Nasal steroids as treatment for obstructive sleep apnea: don't throw away the scalpel yet (Marcus). 2001;138:795-7 (Editorial)

Snacking; *see* Food

SNAP; *see* Neonatal screening

Snoring
Follow-up of primary snoring in children (Topol and Brooks). 2001;138:291-3 (CLO)

Social class
Body image concerns among children (Striegel-Moore). 2001;138:158-60 (Editorial)
Overweight concerns and body dissatisfaction among third-grade children: the impacts of ethnicity and socioeconomic status (Robinson et al). 2001;138:181-7

Social support
Consensus statement from a Conference for the Management of Patients with Urea Cycle Disorders (Urea Cycle Disorders Conference Group). 2001;138:S1-5
Psychosocial issues and coping strategies in families affected by urea cycle disorders (Cederbaum et al). 2001;138:S72-80

Social work
Current adoption practices (Felice). 2001;138:389 (50 years ago)

Sodium
Alternative pathway therapy for urea cycle disorders: twenty years later (Batshaw et al). 2001;138:S46-55

Somatotropin
Effect of growth hormone treatment on final height, phosphate metabolism, and bone mineral density in children with X-linked hypophosphatemic rickets (Baroncelli et al). 2001;138:236-43
Effect of growth hormone treatment on testicular function, puberty, and adrenarche in boys with non-growth hormone-deficient short stature: a randomized, double-blind, placebo-controlled trial (Leschek et al). 2001;138:406-10
Growth hormone deficiency caused by pituitary stalk interruption in Fanconi's anemia (Dupuis-Girod et al). 2001;138:129-33 (CLO)
Growth hormone deficiency in Costello syndrome: a possible explanation for the short stature (Legault et al). 2001;138:151-2 (Letter)
Long-term treatment with growth hormone in short children with nephropathic cystinosis (Wühl et al). 2001;138:880-7
Premature thelarche in girls after growth hormone therapy (Carvalho et al) (Letter); (Malozowski) (Reply). 2001;138:448-9

Specialties, medical
Declining pediatric subspecialty training and rising educational debt (Hardie and Jaskiewicz) (Letter); (Stockman) (Reply). 2001;138:149-51

Spectrometry
Carnitine transporter defect diagnosed by newborn screening with electrospray tandem mass spectrometry (Wilcken et al). 2001;138:581-4 (CLO)

Spinal cord injuries
Upper cervical spinal cord injury in neonates: the use of magnetic resonance imaging (Mills et al). 2001;138:105-8 (CLO)

Spinal puncture
Postictal cerebrospinal fluid abnormalities in children (Wong et al). 2001;138:373-7

Spirometry
Spirometer-triggered high-resolution computed tomography and pulmonary function measurements during an acute exacerbation in patients with cystic fibrosis (Robinson et al). 2001;138:553-9

Spleen, abnormalities
A new variant neuropathic type of Gaucher's disease characterized by hydrocephalus, corneal opacities, deformed toes, and fibrous thickening of spleen and liver capsules (Inui et al). 2001;138:137-9 (CLO)

Splenic diseases
Lymphocytic interstitial pneumonitis, elevated IgM concentration, and hepatosplenomegaly in ataxia-telangiectasia (Tangsinmankong et al). 2001;138:939-41 (CLO)
Partial splenic embolization in lymphangiomatosis (Bader-Meunier et al). 2001;138:613-4 (Letter)

Standard deviation
Blood pressure percentiles and standard deviations (Piecuch). 2001;138:787 (Letter)

Standards
Proceedings of a Consensus Conference for the Management of Patients with Urea Cycle Disorders (Summar and Tuchman). 2001;138:S6-10

Staphylococcal protein A
Surfactant protein-A gene locus associated with recurrent otitis media (Rämet et al). 2001;138:266-8 (CLO)

Stem cells
Unrelated cord blood transplantation for correction of genetic immunodeficiencies (Filipovich). 2001;138:459-61 (Editorial)
Unrelated umbilical cord stem cell transplantation for X-linked immunodeficiencies (Ziegner et al). 2001;138:570-3 (CLO)

Steroids
Efficacy of fluticasone nasal spray for pediatric obstructive sleep apnea (Brouillette et al). 2001;138:838-44
Nasal steroids as treatment for obstructive sleep apnea: don't throw away the scalpel yet (Marcus). 2001;138:795-7 (Editorial)
Risks and benefits of steroids in preterm infants (Doyle et al) (Letter); (Finer and Vaucher) (Reply); (Jobe) (Reply). 2001;138:784-6

Street drugs
Estimates of illicit drug use during pregnancy by maternal interview, hair analysis, and meconium analysis (Ostrea et al). 2001;138:344-8

Streptococcal infections
Acute glomerulonephritis: impetigo as an etiological factor (Stapleton). 2001;138:531 (50 years ago)

Streptococcus pyogenes
Group A streptococcal infections and tic disorders in an Italian pediatric population (Cardona and Orefici). 2001;138:71-5

Subarachnoid hemorrhage
Sickle cell disease. Report of a case with anemia, subarachnoid hemorrhage, and cerebral thrombosis (Buchanan). 2001;138:86 (50 years ago)

Subspecialties, medical; *see* Specialties, medical

Substance abuse
Are there neurologic correlates of in utero cocaine exposure at age 6 years? (Hurt et al). 2001;138:911-3 (CLO)
Estimates of illicit drug use during pregnancy by maternal interview, hair analysis, and meconium analysis (Ostrea et al). 2001;138:344-8

Sudden infant death
A competing risk model of sudden infant death syndrome incidence in two US birth cohorts (Pollack and Frohna). 2001;138:661-7
Possible mechanisms of pacifier protection against SIDS (Cozzi and Morini) (Letter); (Kahn et al) (Reply). 2001;138:783-4
The prone sleeping position impairs arousability in term infants (Horne et al). 2001;138:811-6
Sleep, sleep position, and the sudden infant death syndrome: to sleep or not to sleep? That is the question (Thach). 2001;138:793-5 (Editorial)
Sleep position and bed-sharing in sudden infant deaths: an examination of autopsy findings (Thogmartin et al). 2001;138:212-7
Sleep position and the use of soft bedding during bed sharing among African American infants at increased risk for sudden infant death syndrome (Flick et al). 2001;138:338-43

Suppressor genes; *see* Genes, suppressor

Surfactant; *see* Pulmonary surfactants

Surgery, operative
Early surgical intervention in a patient with Kasabach-Merritt phenomenon (Drolet et al). 2001;138:756-8 (CLO)
Is the Kasai operation still indicated in children older than 3 months diagnosed with biliary atresia? (Chardot et al). 2001;138:224-8

The treatment of epilepsy by cortical excision (Nordli). 2001;138:693 (50 years ago)

Sweating, gustatory
Frey's syndrome (Moreno-Arias et al). 2001;138:294 (Insights)

Sweden
Iron supplementation of breast-fed Honduran and Swedish infants from 4 to 9 months of age (Domellöf et al). 2001;138:679-87

Syncope
The relation between hyperventilation and pediatric syncope (Martinón-Torres et al). 2001;138:894-7

T

T-cells; *see* Lymphocytes

Tablets, enteric-coated
Enteric-coated, pH-dependent peppermint oil capsules for the treatment of irritable bowel syndrome in children (Kline et al). 2001;138:125-8 (CLO)

Tachycardia
The relation between lower limb pooling and blood flow during orthostasis in the postural orthostatic tachycardia syndrome of adolescents (Stewart and Weldon). 2001;138:512-9

Tall stature; *see* Body height

Testicular function; *see* Genitalia, male

Thermoregulation; *see* Body temperature regulation

Thimerosal
Effect of thimerosal recommendations on hospitals' neonatal hepatitis B vaccination policies (Brayden et al). 2001;138:752-5 (CLO)

Third National Health and Nutrition Examination Survey
C-reactive protein and body mass index in children: findings from the Third National Health and Nutrition Examination Survey, 1988-1994 (Ford et al). 2001;138:486-92

Thorax, diseases
Prevalence and reversibility of lower airway obstruction in children with sickle cell disease (Koumbourlis et al). 2001;138:188-92
Progress and prospects for the acute chest syndrome of sickle cell anemia (Rucknagel). 2001;138:160-2 (Editorial)

Three-dimensional imaging; *see* Diagnostic imaging

Thrombocytopenia
Anti-HPA-3A induces severe neonatal alloimmune thrombocytopenia (Glade-Bender et al). 2001;138:862-7
Neonatal diabetes mellitus, enteropathy, thrombocytopenia, and endocrinopathy: further evidence for an X-linked lethal syndrome (Levy-Lahad and Wildin). 2001;138:577-80 (CLO)

Thrombosis
Catheter-related thrombosis in children with cancer (Glaser et al). 2001;138:255-9
Sickle cell disease. Report of a case with anemia, subarachnoid hemorrhage, and cerebral thrombosis (Buchanan). 2001;138:86 (50 years ago)

Thymectomy
Thymectomy and ACTH in lymphatic leukemia (Buchanan). 2001;138:254 (50 years ago)

Thymus gland
Thymic size and chorioamnionitis in very low birth weight infants (Manzar) (Letter); (De Felice and Toti) (Reply). 2001;138:296-7

Thyroid diseases
Maternal thyroid deficiency: another consideration in global developmental delay (Barness and Klein). 2001;138:611-2 (Letter)

Thyroid neoplasms
Fine-needle aspiration biopsy in the management of thyroid nodules in children and adolescents (Al-Shaikh et al). 2001;138:140-2 (CLO)
Treatment of hyperthyroidism with radioactive iodine (Schwartz). 2001;138:377 (50 years ago)

Thyrotropin
Growth hormone deficiency caused by pituitary stalk interruption in Fanconi's anemia (Dupuis-Girod et al). 2001;138:129-33 (CLO)
Hepatic hemangioendothelioma associated with production of humoral thyrotropin-like factor (Ayling et al). 2001;138:932-5 (CLO)

Tic disorders
Group A streptococcal infections and tic disorders in an Italian pediatric population (Cardona and Orefici). 2001;138:71-5

Tissue donors
Successful living-donor liver transplantation from an asymptomatic carrier mother in ornithine transcarbamylase deficiency (Nagasaka et al). 2001;138:432-4 (CLO)

Toes, abnormalities
A new variant neuropathic type of Gaucher's disease characterized by hydrocephalus, corneal opacities, deformed toes, and fibrous thickening of spleen and liver capsules (Inui et al). 2001;138:137-9 (CLO)

Tomography, X-ray computed
Spiral computed tomography and three-dimensional image reconstruction of an aberrant innominate artery (Ohta et al). 2001;138:952 (Insights)
Spirometer-triggered high-resolution computed tomography and pulmonary function measurements during an acute exacerbation in patients with cystic fibrosis (Robinson et al). 2001;138:553-9

Tonsillectomy
Medial medullary injury during adenoidectomy (Kang et al). 2001;138:772-4 (CLO)

Topical administration; *see* Administration, topical

Torsades de pointes
Torsade de pointes in a child with acute rheumatic fever (Liberman et al). 2001;138:280-2 (CLO)

Trachea
Neonatal tracheal obstruction: a mysterious mass that vanished (Makhoul et al). 2001;138:910 (Insights)
Spiral computed tomography and three-dimensional image reconstruction of an aberrant innominate artery (Ohta et al). 2001;138:952 (Insights)

Tracheo-esophageal fistula
Congenital tracheo-esophageal fistula without esophageal atresia (Hartnick and Cotton). 2001;138:916 (50 years ago)

Training, medical; *see* Education, medical

Transients and migrants
A prevalence study of hepatitis A virus infection in a migrant community: is hepatitis A vaccine indicated? (Dentinger et al). 2001;138:705-9

Transplantation, heterotopic
En bloc heterotopic auxiliary liver and bilateral renal transplant in a patient with homozygous protein C deficiency (Angelis et al). 2001;138:120-2 (CLO)

Trauma; *see* Wounds and injuries

Treatment outcome
Do we measure the right end points? A systematic review of primary outcomes in recent neonatal randomized clinical trials (Zhang and Schmidt). 2001;138:76-80

Tube feeding; *see* Enteral nutrition

Turner's syndrome
Foot problems in Turner's syndrome (Findlay et al). 2001;138:775-7 (CLO)
Tall stature, gonadal dysgenesis, and stigmata of Turner's syndrome caused by a structurally altered X chromosome (Binder et al). 2001;138:285-7 (CLO)

Type II citrullinemia; *see* Citrulline

Type 1 diabetes mellitus; *see* Diabetes mellitus, insulin-dependent

Type 1a glycogen storage disease; *see* Glycogen storage disease type I

Type 2 diabetes mellitus; *see* Diabetes mellitus, noninsulin-dependent

Tyrosine hydroxylase
L-dopa and selegiline for tyrosine hydroxylase deficiency (Häussler et al). 2001;138:451-2 (Letter)

U

Umbilical cord blood; *see* Fetal blood

Urea
Alternative pathway therapy for urea cycle disorders: twenty years later (Batshaw et al). 2001;138:S46-55
Consensus statement from a Conference for the Management of Patients with Urea Cycle Disorders (Urea Cycle Disorders Conference Group). 2001;138:S1-5

Current strategies for the management of neonatal urea cycle disorders (Summar). 2001;138:S30-9
Laboratory evaluation of urea cycle disorders (Steiner and Cederbaum). 2001;138:S21-9
Long-term correction of urea cycle disorders (Lee and Goss). 2001;138:S62-71
Long-term management of patients with urea cycle disorders (Berry and Steiner). 2001;138:S56-61
Measurement of ammonia in blood (Barsotti). 2001;138:S11-20
The nutritional management of urea cycle disorders (Leonard). 2001;138:S40-5
Proceedings of a Consensus Conference for the Management of Patients with Urea Cycle Disorders (Summar and Tuchman). 2001;138:S6-10
Psychosocial issues and coping strategies in families affected by urea cycle disorders (Cederbaum et al). 2001;138:S72-80

Urinalysis
Decreased urinary citrate excretion in type 1a glycogen storage disease (Weinstein et al). 2001;138:378-82

Urinary tract infections
Antibiotics for the prevention of urinary tract infection in children: a systematic review of randomized controlled trials (Williams et al). 2001;138:868-74

US Peanut and Tree Nut Allergy Registry
The US Peanut and Tree Nut Allergy Registry: characteristics of reactions in schools and day care (Sicherer et al). 2001;138:560-5

V

Vaccines
Combination vaccines (Hessel et al) (Letter); (Decker and Edwards) (Reply). 2001;138:613
Lyme disease vaccine as a strategy for prevention (Sood) (Letter); (Feder) (Reply); (Sigal) (Reply). 2001;138:609-10
Mercury toxicity (Aschner) (Letter); (Pless and Risher) (Reply). 2001;138:450-1
A prevalence study of hepatitis A virus infection in a migrant community: is hepatitis A vaccine indicated? (Dentinger et al). 2001;138:705-9

Very low birth weight infant; *see* Infant, low birth weight

Vesico-ureteral reflux
Unilateral vesicoureteric reflux: low prevalence of contralateral renal damage (Polito et al). 2001;138:875-9

Vinblastine
A randomized trial of treatment for multisystem Langerhans' cell histiocytosis (Gadner et al). 2001;138:728-34

Viral hepatitis vaccines
A prevalence study of hepatitis A virus infection in a migrant community: is hepatitis A vaccine indicated? (Dentinger et al). 2001;138:705-9

Viruses
The association between respiratory viruses and symptoms in 2-week-old infants at high risk for asthma and allergy (Hegele et al). 2001;138:831-7

Vitamin B_{12} deficiency
Vitamin B_{12} deficiency in children and adolescents (Rasmussen et al). 2001;138:10-7

Vitamin D deficiency
Religious/cultural causes of vitamin D deficiency in infants (Seeler) (Letter); (Kreiter and Schwartz) (Reply). 2001;138:954

Vitamin K deficiency
Treatment of vitamin K deficiency in cystic fibrosis: effectiveness of a daily fat-soluble vitamin combination (Wilson et al). 2001;138:851-5

Vitamins
Treatment of vitamin K deficiency in cystic fibrosis: effectiveness of a daily fat-soluble vitamin combination (Wilson et al). 2001;138:851-5

W

Weakness, muscular; *see* Muscular atrophy

Weight loss
Weight loss, hypertension, weakness, and limb pain in an 11-year-old boy (Shih and Gartner). 2001;138:566-9 (Grand rounds)

Wheezing; *see* Respiratory sounds

White children
Early menarche and adult height: reprise of the hare and the tortoise? (Rogol). 2001;138:617-8 (Editorial)
Impact of timing of pubertal maturation on growth in black and white female adolescents: the National Heart, Lung, and Blood Institute Growth and Health Study (Biro et al). 2001;138:636-43
Relation of acanthosis nigricans to hyperinsulinemia and insulin sensitivity in overweight African American and white children (Nguyen et al). 2001;138:474-80

Whooping cough
Pertussis: clinical comparisons of the newer antibiotics (Novelli). 2001;138:938 (50 years ago)

Wilms tumor
Germline Wilms tumor suppressor gene (*WT1*) mutation leading to isolated genital malformation without Wilms tumor or nephropathy (Köhler et al). 2001;138:421-4 (CLO)
Isolated diffuse mesangial sclerosis and Wilms tumor suppressor gene (Ito et al). 2001;138:425-7 (CLO)

Wounds and injuries
Treatment of pediatric traumatic brain injury: a broad path to a narrow gate (Glass). 2001;138:1-3 (Editorial)

X

X chromosome
Effect of growth hormone treatment on final height, phosphate metabolism, and bone mineral density in children with X-linked hypophosphatemic rickets (Baroncelli et al). 2001;138:236-43
Tall stature, gonadal dysgenesis, and stigmata of Turner's syndrome caused by a structurally altered X chromosome (Binder et al). 2001;138:285-7 (CLO)

X-linked deficiencies; *see* Genetic defects

Y

Young adults; *see* Adolescence

Z

Zinc
Effect of zinc supplementation on development and growth of Chilean infants (Castillo-Durán et al). 2001;138:229-35
